The Good Mother Myth Nancy Reddy, 2025-01-21 Timely and thought provoking Nancy Reddy unpacks and debunks the bad ideas that have for too long defined what it means to be a good mom When Nancy Reddy had her first child she found herself suddenly confronted with the ideal of a perfect mother a woman who was constantly available endlessly patient and immediately invested in her child to the exclusion of all else Reddy had been raised by a single working mother considered herself a feminist and was well on her way to a PhD Why did doing motherhood right feel so wrong For answers Reddy turned to the mid 20th century social scientists and psychologists whose work still forms the basis of so much of what we believe about parenting It seems ludicrous to imagine modern moms taking advice from midcentury researchers Yet their bad ideas about so called good motherhood have seeped so pervasively into our cultural norms In *The Good Mother Myth* Reddy debunks the flawed lab studies sloppy research and straightforward misogyny of researchers from Harry Harlow who claimed to have discovered love by observing monkeys in his lab to the famous Dr Spock whose bestselling parenting guide included just one 1 illustration of a father interacting with his child This timely and thought provoking book will make you laugh cry and want to scream sometimes all at once Blending history of science cultural criticism and memoir *The Good Mother Myth* pulls back the curtain on the flawed social science behind our contemporary understanding of what makes a good mom

The Joy of Eating Petia Raeva, 2017-01-10 Quick guide for Weight loss The joy of eating by Mrs Petia Raeva it is a Best Seller on the Bulgarian book market for 2011 The author is a MP of the 41st National Assembly of Republic of Bulgaria The charming lady is 35 years old and creates her own nutrition system diet which is a total hit in Bulgaria Thanks to that same diet she loses 30kg for the period of one year and two months and now she is an embodiment of beauty and political flair The successful nutrition system described by Mrs Raeva in a book with the title The joy of eating embodies in an emblematic way the weight lost enjoying the food and loving your family and your way of living The diet is very simple and has the basic rule of taking pleasure of each food as much as we can The diet being without frills is based on the philosophical principle of taking maximum pleasure and joy of every nutrient and that there is no way toward the happiness but the happiness itself is the way The author reminds herself on a daily basis that everything in one's life including the eating habits is like a long list with targets and duties but by achieving them one wouldn't automatically reach ultimate gratification In the mean time analyzing the current level of satisfaction one reveals how unhappy is She implicates joy and happiness in every activity that she does instead of awaiting for it to happen or expecting the food to bring it to her Adopting the radical idea enough is enough she escapes the vicious circle more food more happiness by rearranging her daily routine way of life and eating habits Mrs Petia Raeva transforms eating into a ritual of senses and that is the secret of her phenomenal success
