Fintech Wars James da Costa, 2024-10-03 Fintech touches every part of our lives from cashless economies to crypto and even our climate. This book draws back the curtain on this fascinating world full of friction, failure, and fortune. *Fintech Wars* delves into one of the world's most lucrative and fast-growing sectors. Witness the bold strategies, groundbreaking innovations, and relentless drive that propelled fintech unicorns like PayPal, Nubank, and Monzo to transform the world. Featuring interviews with generational founders including Reid Hoffman, LinkedIn's Nigel Morris, Capital One's Martha Lane Fox, and Lastminute.com's founders, the narrators of this book have built companies that represent over one trillion dollars in market capitalization. As the founder of a digital bank, James da Costa is a fintech insider. He draws upon his network and first-hand experiences to offer a fascinating look into the intricacies and motivations behind building billion-dollar disruptors. Step into the fascinating, unpredictable, and inspiring world of fintech.

Disruptive Fintech James Deitch, 2019-12-16 Throughout history, innovators have disrupted existing financial services norms to change the landscape of the marketplace. *Disruptive Fintech* briefly traces fractional reserves, the creation of bank currency that traded at a premium to bullion value, central bank regulation, securitization of assets and loans, the current state of digital currency and electronic payments. The author then looks toward the future of fintech and the forces of disruption that will change the landscape of financial life as we know it. Using over 100 interviews with thought-leading CEOs, this book develops a methodology to identify financial services that are

ripe for innovation and discusses how innovative thinking can be used as a disruptive weapon to attack incumbents and create effective new fintech models The book discusses How to relate historical innovations and disruptions in financial services to the current landscape How to follow a process to identify the threats facing incumbent processes and businesses and how innovative thinking can be used as a disruptive weapon to attack incumbents and create effective new fintech models How many fintech innovations will be constructed by re arranging or re purposing existing core processes In this insightful book author James Deitch CPA CMB argues that some of today s high flying fintech innovators will flourish but many may perish as the fire of innovation consumes those fintechs that are slow to monetize their promises

No Red Lights Alan J. Patricof,2022-05-03 As featured in The Wall Street Journal One of Business Insider s 5 Best Leadership Books I Read This Year for 2022 A look back at entrepreneurial growth and venture capital in the last half century by one of the leading figures in the industry Extensive media and online coverage of the business arena news of start ups mergers and deals are familiar headlines these days But that wasn t always the case The early years of venture capital were a far cry from today s very public dealings Alan Patricof one of the pioneers of the venture arena offers a behind the scenes look at the past fifty years of the industry From buying stock in Apple when its market valuation was only 60 million to founding New York Magazine to investing in AOL Audible and more recently Axios his discerning approach to finding companies is almost peerless All of Patricof s investments from Xerox to Venmo share certain qualities Each company had sound product with wide appeal the economics were solid and the management team was talented and committed to seeing their visions come to fruition

Power Politics Darrell M. West,2022-08-09 Curing the causes and consequences of Trumpism It s no secret that the United States faces extraordinary political and societal challenges even as it recovers from the COVID 19 pandemic Political polarization and extremism are the most apparent symptoms resulting from long term economic and social

inequities as well as a toxic information ecosystem It is easy to blame Donald Trump for the sad state of American democracy After all he abused his executive authority spread false claims and even incited violence But Trumpism is almost certain to outlast Trump himself The grievances he exploited and the aggrieved to whom he appealed existed well before he became president and likely will endure after he is gone from the political scene The current political atmosphere is poisonous for those who operate on the basis of facts reason and logic It is time to step back from this dangerous precipice and reflect on the causes of the serious threats to American democracy procedural justice and a reason based society With polarization now entrenched and authoritarianism gaining strength no one should assume that facts somehow will triumph over falsehoods and reason will prevail over emotion Drawing on his personal experiences in the D C policy world Darrell West offers advice for protecting people organizations and the country as a whole from our contemporary challenges This book makes the risks to democracy understandable by explaining specific threats and offering concrete ideas for ameliorating them It will appeal to anyone interested in American politics democracy elections mass media technology and governance
