World Religions A Historical Approach:

World Religions Solomon A. Nigosian, 2000 Each major religious tradition from African and American Indian through Christianity and Islam to Shinto and Zoroastrianism is presented Nigosian considers each religious tradition's basic belief patterns its history and development and its contemporary conditions This new and updated edition has a separate chapter devoted to each religion so that students can gain insight into how beliefs and rituals develop within a cultural context It also includes a focus on the daily life role and status of women New features of this edition are additional excerpts from sacred texts study questions and updated maps and timelines

World Religions Solomon A Nigosian, 2007-07-07 A concise balanced and reasonably priced introductory text *World Religions* takes a historical approach to the ideological and cultural aspects of several religions More than just a collection of facts about beliefs and mores this unique text offers students a complex portrait of each religion with scholarly viewpoints interspersed throughout

World Religions Solomon Alexander Nigosian, 2000

International Handbook of Jewish Education Helena Miller, Lisa D. Grant, Alex Pomson, 2011-04-02

The *International Handbook of Jewish Education* a two volume publication brings together scholars and practitioners engaged in the field of Jewish Education and its cognate fields world wide Their submissions make a significant contribution to our knowledge of the field of Jewish Education as we start the second decade of the 21st century The Handbook is divided broadly into four main sections Vision and Practice focusing on issues of philosophy identity and planning the big issues of Jewish Education Teaching and Learning focusing on areas of curriculum and engagement Applications focusing on the ways that Jewish Education is transmitted in particular contexts both formal and informal for children and adults Geographical focusing on historical demographic social and other issues that are specific to a region or where an issue or range of issues can be compared and contrasted between two or more locations This comprehensive collection of articles providing high quality content constitutes a definitive statement on the state of Jewish Education world wide as well as through a wide variety of lenses and contexts It is written in a style that is accessible to a global community of academics and professionals

Approaching the World's Religions, Volume 1 Robert Boyd, 2017-05-04 Philosophically Thinking about World Religions is different from other works in the discipline today It deviates from the typical approaches used for the study of world religions Its goal is to engage readers in thinking hard about world religions not about the data surrounding those traditions By focusing on philosophical questions each reader should be challenged to do their own investigations that may reveal the heart of these traditions Another stance that this project takes that distinguishes it from other texts in the discipline is that it advocates an inclusivist perspective regarding the world religions Pluralism which is the predominate assumption today ends either in contradiction or in the development of a metatheory that dismisses crucial distinctions between the various traditions or eliminates some ancient religions because they do not fit the metatheory By taking an open inclusivist approach all religious traditions may engage at the table of dialogue The final essay is about justice and social affairs While that

discussion is couched within the context of a particular tradition each religious tradition must have the discussion But it must be more than an intrareligious dialogue it must become an interreligious dialogue *The Role of Revelation in the World's Religions* Beverly Moon,2014-01-10 The human reception of divine messages known as revelation has often played a central role in world religions This study explores how spirituality and the personal experience of the divine has been expressed and preserved in various religious traditions The phenomenon of revelation is explored and interpreted through examples from across the religious spectrum and six different types of revelation are posited visions and voices divination spirit journey spirit mediation mystical union and divine incarnation The World's Religions Peter Clarke,Friedhelm Hardy,Leslie Houlden,Stewart Sutherland,2004-01-14 Gives an account of the history the theological basis the practice and the current state of the study of religion and religions throughout the world Combines a clear and non technical style of presentation with a structure and range of contributions which reflect the richness and complexity of religion itself of the religions of the world and the study of religions Comprehensive index bibliographies and suggestions for further reading Intriguing philosophical questions are raised about the nature of religion and the qualities needed for studying it Times Higher Education Supplement Excellent book remarkably successful impressive as much for the sheer scale of the undertaking as for its consistent standard of analysis It is a fine achievement which will serve both as a very suitable textbook for students and a reliable guide to the state of scholarship in the History and Study of Religions Heythrop Journal **Encyclopedia of the World's Religions** Robert Charles Zaehner,1997 Covers many world religions such as Judaism Christianity Islam Zoroastrianism Hinduism Jainism Buddhism Shinto Confucianism Taoism Sikhism Dialectical materialism etc Vision, Tradition, Interpretation Eric J. Lott,1988 Since its founding by Jacques Waardenburg in 1971 Religion and Reason has been a leading forum for contributions on theories theoretical issues and agendas related to the phenomenon and the study of religion Topics include among others category formation comparison ethnophilosophy hermeneutics methodology myth phenomenology philosophy of science scientific atheism structuralism and theories of religion From time to time the series publishes volumes that map the state of the art and the history of the discipline **World Religions and Community Religions** Gerrie ter Haar,2000 Some reflections on terminology **Historical Method in Bible Study** Albert Edwin Avey,1924 World Religions: A Historical, Comparative and Thematic Approach Ezech Mary-Noelle Ethel,2016-05-13 Towards a Global Congress of the World's Religions Warren Lewis,1980 **World Religions** Donald Viney,2016-08-09 *The World's Living Religions* Robert Ernest Hume,1924 **The Princeton Theological Review** ,1928 **The World's Religions** William A.
