Dissertation Solutions Bradley Axelrod, James Windell, 2012-10-16 New graduate students are often unaware of the many hazards and pitfalls that occur during the dissertation process: intensive schedules, dwindling motivation, difficult or unavailable mentors and research and publication complications. Lacking the experience and wherewithal to successfully overcome or avoid these impediments for derailment, many students are unable to complete the dissertation process, losing sight somewhere in between reading, studying, collecting data and writing a thesis. Based on the authors' inside knowledge and extensive experience, *Dissertation Solutions* provides graduate students with the basic tools and skills to help them navigate the whole process with minimal damage, making the whole process of planning, researching and writing more manageable. This thorough but concise guide will help even the most naive graduate student become experts in navigating and surviving their graduate experiences. Outlining the dissertation process, explaining the key players

involved and offering advice to help complete any research project this book will also provide overwhelmed intimidated or just reluctant students with the motivation required to complete this arduous project
