

Welcome to 3rd Grade!

September 8, 2015

Dear Parents and Students,

Welcome to 3rd grade! I'm looking forward to an exciting year of learning and exploring with your children. Here is a brief overview of the papers within this packet.

The class supply list for the school year is on the next page. Please follow the guidelines closely and write your child's class and name clearly on the tag. Supplies should be in before Friday, September 18th.

Our Scholastic Book's classroom code for online ordering provides access to the monthly book orders.

The survey on the following page should be filled out and returned, so I can get to know your child better.

In addition, it is important that you fill out the 3 blue emergency contact cards and return them by Wednesday, September 16th. To ensure the safety and security of your child, you must list the names of all people who are authorized to pick up your child.

Thank you in advance for your cooperation!

Sincerely,

Third Grade Welcome Letter To Parents

Saracho, 2019-12-13 The importance of the early years in young children s lives and the rigid inequality in literacy

achievement are a stimulating backdrop to current research in young children's language and literacy development. This book reports new data and empirical analyses that advance the theory of language and literacy with researchers using different methodologies in conducting their study with both a sound empirical underpinning and a captivating analytical rationalization of the results. The contributors to this volume used several methodological methods, e.g., quantitative, qualitative, to describe the complete concept of the study, the achievement of the study, and the study in an appropriate manner based on the study's methodology. The contributions to this volume cover a wide range of topics including dual language learners, Latino immigrant children, children who have hearing disabilities, parents and teachers' beliefs about language development, early literacy skills of toddlers and preschool children, interventions, multimodalities in early literacies, writing, and family literacy. The studies were conducted in various early childhood settings such as child care, nursery school, Head Start, kindergarten, and primary grades, and the subjects in the studies represent the pluralism of the globe: a pluralism of language backgrounds, ethnicity, abilities, and disabilities. This book was originally published as a special issue of *Early Child Development and Care*.

Building Bridges Rahima C. Wade, 2000. This book, which offers teaching suggestions at the elementary, middle, and high school levels, features a diverse array of service learning projects. Topics include AIDS awareness, community planning, shelters for the homeless, and marine environmental activism. An informative overview of the history of service learning is also included, along with an outline of the challenges that the service learning movement must address to thrive in the new millennium.
