Nfl Schedule Black Friday Today:

Throwing the Baby Out with the Holy Water Stephen White,2025-08-22 This book is intended for those who feel something is missing For those who cherish their Reformation heritage but experience the lack of a rooted faith For those who crave spiritual depth yet have been cautioned against looking too far back For those who rightly suspect that the ancient Church holds treasures we ve overlooked and who wish to recover them without compromising the gospel in the process I am one of those people I am Protestant I am grateful for the clarity conviction and gospel urgency that runs through the best of the Reformation tradition However I have also learned that the Reformation was not a blank slate It was a return a return to something already present in the early Church long before the medieval corruptions that the Reformers rightly challenged That Early Church is ours too The wisdom of the desert fathers is ours The profound thinking of Catholic theologians when in step with Scripture is ours The reverence of liturgical worship is ours Mary s example of discipleship is ours The practice of confession is ours These are not Catholic things that we re borrowing They are Christian things we left behind The goal of this book is not to argue for reunion with Rome It s not to flatten doctrinal differences or pretend that the Reformation doesn t matter It does matter deeply However recovering lost wisdom does not betray the gospel instead it deepens our experience of it It anchors us more fully in the historical Church and strengthens our present discipleship We live in an age of spiritual shallowness Attention spans are short Formation is thin Many of our churches have become expressions of the broader culture anxious fragmented performative over programmed and emotionally underdeveloped Our theological systems are sound but our souls are brittle What we need isn t novelty it s rootedness And there is no root system richer than the one the Spirit has cultivated through two thousand years of global historic Christianity That root system includes more than just Calvin and Luther it encompasses Irenaeus Benedict Teresa of vila and yes even Aquinas It comprises the monastics and the mystics along with rhythms and practices that were born in the desert and tested by fire We don t honor our Protestant ancestors by staying shallow We honor them by going deeper by seeking the full maturity that the Church was always meant to grow into If we are to become a people of resilience depth and beauty again we must recover the practices and perspectives we once discarded We must learn to live not only as people of truth but as people of presence soaked in prayer humility and the kind of holiness that cannot be faked This introduction is a doorway In the pages ahead we will explore what was lost not to romanticize the past but to recover what still holds the power to shape our future We will examine ancient practices like confession forgotten figures like the desert fathers neglected teachings about Mary and the immense intellectual and spiritual wealth of Catholic theologians who never stopped loving Scripture and Christ We will ask hard questions Can Protestants re engage with these issues without compromising our convictions Can we recover a reverence for tradition without losing our dependence on Scripture Can we build a Protestant future that is spiritually rich historically informed and deeply Christ centered I believe the answer is yes
