**The Lost Will and Testament of Jesus Christ** Raymond Broad,2014-10-12 This book draws the reader into an incredible mine of truth about s Christian s heritages of true intimate fellowship with both their God and their fellow Christians The picture of choice of these incredible benefits is the text of the new covenant It will be shown that the almost universal ignorance about the new covenant is an accurate picture of the ignorance of its benefits in the average Christian life Concurrent with these revelations is the complete burial of the old covenant which has persistantly clouded our view of the new This feature will be quite shocking to most readers but it will be shown to be necessary if any benefit is to be derived from the NC In return there are incredible blessings open to those who make this plunge which have been hidden for centuries Using Paul s analogy of a house plan the writer has built an outline of the Christian life and its hidden benefits never been seen before Herein lies hope and blessing and power as the early church understood it to be
