The Trials The Red Trilogy:

The Trials Linda Nagata, 2015-08-18 A new cycle of violence ignites when rumors of the elusive rogue AI known as the Red go public and Lieutenant James Shelley facing a court martial for the unauthorized First Light mission is pulled into a game of nuclear cat and mouse **Channeling Wonder** Pauline Greenhill, Jill Terry Rudy, 2014-10-06 Scholars of cultural studies fairy tale studies folklore and television studies will enjoy this first of its kind volume **Encyclopedia of Post-Colonial Literatures in English** Eugene Benson, 2004-11-30 Documents the history and development of Post colonial literatures in English together with English and American literature and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide **Routledge International Handbook of Green Criminology** Nigel South, Avi Brisman, 2013-08-29 Academic and general interest in environmental crimes harms and threats as well as in environmental legislation and regulation has grown sharply in recent years The Routledge International Handbook of Green Criminology is the most in depth and comprehensive volume on these issues to date With contributions from leading international green criminologists and scholars in related fields the Handbook examines a wide range of substantive issues including climate change corporate criminality and impacts on the environment environmental justice media representations pollution e g air water questions of responsibility and risk wildlife trafficking The chapters explore green criminology in depth its theory history and development as well as methodological concerns for this area of academic interest With examples of environmental crimes harms and threats from Africa Asia Australia Eastern Europe South America the United Kingdom and the United States this book will serve as a vital resource for international scholars and students in criminology sociology law and socio legal studies as well as environmental science environmental studies politics and international relations *Going Dark* Linda Nagata, 2015-11-03 In the third book in The Red Trilogy former Army Lt James Shelley becomes a black ops sniper working for the Red a suspected rogue artificial intelligence that is ripped from today s headlines James Shelley has left his lover Delphi and his companion in arms Jayne Vasquez with a fortune acquired from a fallen oligarch They believe him to be dead and he doesn t try to set the record straight His long running question has been answered There are other soldiers like him who have served the purposes of the Red and he has accepted his place among them As a soldier of the Red he pursues covert missions designed to nudge history away from existential threats but that doesn t mean the world is growing more orderly It s only in the froth of a managed chaos that human potential can grow and thrive Shelley s missions eventually take him into orbit and into conflict with those he loves Delphi and Jaynie who are determined to escape the influence of the Red **The Red** Linda Nagata, 2015-06-30 Lieutenant James Shelley commands a high tech squad of soldiers in a rural district within the African Sahel They hunt insurgents each night on a harrowing patrol guided by three simple goals protect civilians kill the enemy and stay alive In a for profit war

manufactured by the defense industry there can be no cause worth dying for To keep his soldiers safe Shelley uses every high tech asset available to him but his best weapon is a flawless sense of imminent danger as if God is with him whispering warnings in his ear *CliffsNotes on Crane's The Red Badge of Courage* Patrick J. Salerno,2004-10-28 The original CliffsNotes study guides offer expert commentary on major themes plots characters literary devices and historical background The latest generation of titles in this series also feature glossaries and visual elements that complement the classic familiar format Stephen Crane wrote the first draft of *The Red Badge of Courage* in only ten days This CliffsNotes supplement carries you along as the story of a young boy named Henry Fleming faces his first battle not only in war but with his own fear pride and cowardice unfolds It still remains as one of the best novels about the American Civil War This study guide carefully walks you through every step of Henry s ordeal by providing summaries and critical analyses of each chapter of the novel You ll also explore the life and background of the author and gain insight into how he came to write *The Red Badge of Courage* Other features that help you study include A character map to highlight the relationships between characters Glossaries after each chapter to define new and unfamiliar terms Critical essays covering topics like figurative language and the structure of the novel A review section that tests your knowledge A Resource Center with books and websites for more study Classic literature or modern day treasure you ll understand it all with expert information and insight from CliffsNotes study guides *CliffsNotes on Kafka's The Trial* Herberth Czermak,1976-09 Kafka s books are filled with the blurring of reality and dreams The real world is never enough for Kafka s characters and they are always left yearning for a firm metaphysical anchor that they can never quite grasp This book describes a man s persecution by an overwhelming power **The Garden** ,1919 *Annual Trial Garden Performance Report* ,2011 *World Painting Index: Titles of works and their painters* Patricia Pate Havlice,2003 **The Trial** Sadakat Kadri,2005 In an extraordinary history of the criminal trial Sadakat Kadri shows with wit legal insight and a travel writer s eye for detail how the irrationality of the past lives on in the legal systems of the present The book is a bold and brilliant debut from a remarkable and prize winning new writer Hall of the Dead and ending with the melodramas and hubbub of the twenty first century trial circus Reconciliation and vengeance secrecy and spectacle and superstition and reason intertwine continually as it crosses from the marbled courtrooms of Athens through the ordeal pits of Anglo Saxon England past the torture chambers of the Inquisition to the judicial theatres of seventeenth century Salem 1930s Moscow and post war Nuremberg to the virtual courtrooms of modern Hollywood than guarantee fairness and hold human beings to account for their deliberate crimes corpses were once summonsed to court given lawyers before being exiled for their failure to attend or sentenced to die again and argues that the same urge to punish lives on in today s trials of children and the mentally ill But although Justice s sword has always been double edged as ready to destroy a community s enemies as to defend its dreams of due process the judicial contest also operates to enshrine some of the western world s most cherished values The show trials of Stalin s Soviet Union were shams

but Guantanamo Bay and Abu Ghraib are a reminder that no trials are equally unjust and at a time when our constitutional landscape seems to be melting away an appreciation of the criminal courtroom's history is more necessary than ever. As the government of Tony Blair launches an almost annual attempt to truncate trial by jury and as authorities on both sides of the Atlantic are indefinitely detaining entire categories of people in the name of an endless war on terror, the trial could hardly be more timely.

Frontiers Past and Future Carl Abbott, 2006. Abbott offers a fruitful new way to read science fiction, one that also greatly enriches our understanding of western history and its impact on our collective imagination. Detailing the overlap of science fiction and western fiction, especially relating to their mutual interest in and concerns about frontier expansionism, he reveals an unsuspected common ground that informs the writings of both camps. Reviewing the work of many Hugo and Nebula Award winners as well as drawing upon popular film and television series like the Buck Rogers serials, Abbott's study journeys across the far reaches of science fiction's universe.

The Hunter Trials Mary Flint, 2022-05-31. An artist pledged to serve his planet Rendaria is a world with only one city underground with ten levels. At the top you succeed; at the bottom you are no one. At age seventeen, Edrix Solan is the youngest initiate to graduate from the Higher Program in REGS, the Rendarian Enforcement of Global Security, the protectors of the planet. But something doesn't feel right. He has yet to be given a field assignment and there's something his older brother Jai won't tell him. A rebel determined to save it, Andresha has been fighting for years to free Rendaria from the reign of the Chairman and the other leaders that control the planet, but now REGS is dangerously close to finding the resistance. To stop them, she must infiltrate the most secure building on the planet, and her only hope of doing so is a deadly tournament on an alien world and a boy who is too much like the ghosts from her past.
