

Those who believe that they believe in God, but without any passion in their heart, without anguish of mind, without uncertainty, without doubt, without an element of despair even in their consolation, believe only in the idea of God, not in God Himself. MIGUEL D.

## **The Uncertainty Consolation:**

**Consolations from a Stoic** Seneca,2016-01-28 Seneca composed the Consolations while in exile on Corsica during 40 44 AD and used each opportunity to show off in writing his trendy Stoic ideas about life and the universe His three letters of condolences De Consolatione ad Marciam De Consolatione ad Polybium and De Consolatione ad Helviam caused a sensation in Rome when they were circulated and before long the disgraced aristocrat was recalled from banishment and given the plum appointment of tutor to the young future emperor Nero In each work Seneca employs many of the rhetorical devices common to the consolatio tradition while incorporating his unique philosophy His seemingly positive outlook on his own exile follows the Stoic principle that one should not be upset by uncontrollable events

**The Christian's Consolations, in Times of Trouble and at Death; Or, the Christian's Joy in Finishing His Course Exemplified. Illustrated in Five Sermons and Sundry Tracts, by the Reverend Dr Bradbury, Mess. Hervey, Hallyburnton [sic], and Drelincourt**

Thomas Bradbury (Congregational Minister.),1790 **Consolations of Nature** ,2025-12-08 Amidst the ongoing ecological crisis and other civilisational threats this book adopts a tentatively optimistic and affirmative attitude to human nature relations The selection of early twentieth and twenty first century texts analysed by the contributors offers instances of the hopeful and restorative effects of human nature encounters Uniquely invoking the traditional concept of consolation the authors demonstrate that the re turn to nature which is typically a response to a personal or social challenge takes different forms ranging from nostalgia escapism anthropomorphic fantasies transformative immersion in the wild coupled with environmental concerns to personal testimonies fictions about gardening conservation and environmental justice From Conrad s nostalgic yearning for the natural harmony inherent to sailing the Kibbo Kift movement as a post World War I programme of physical and moral regeneration to contemporary celebration of a feminist hydrocommons and Black American farmers seeking justice through cultivating land the chapters explore various attempts at overcoming the human nature dualism which ultimately inspires a cautiously hopeful outlook "The" Psalms ,1885

**Ancient Jewish and Greek Encouragement and Consolation in Sorrow and Calamity** Claude Goldsmid Montefiore,1917 **Reforming the Art of Dying** Austra Reinis,2016-12-05 The Reformation led those who embraced Martin Luther s teachings to revise virtually every aspect of their faith and to reorder their daily lives in view of their new beliefs Nowhere was this more true than with death By the beginning of the sixteenth century the Medieval Church had established a sophisticated mechanism for dealing with death and its consequences The Protestant reformers rejected this new mechanism To fill the resulting gap and to offer comfort to the dying they produced new liturgies new church orders and new handbooks on dying This study focuses on the earliest of the Protestant handbooks beginning with Luther s Sermon on Preparing to Die in 1519 and ending with Jakob Otter s Christlich leben vnd sterben in 1528 It explores how Luther and his colleagues adopted traditional themes and motifs even as they transformed them to accord with their conviction that Christians could be certain of their salvation It further

shows how Luther's colleagues drew not only on his teaching on dying but also on other writings including his sermons on the sacraments. The study concludes that the assurance of salvation offered in the Protestant handbooks represented a significant departure from traditional teaching on death. By examining the ways in which the themes and teachings of the reformers differed from the late medieval *ars moriendi*, the book highlights both breaks with tradition and continuities that marked the early Reformation.

**Conflicts of Devotion** Daniel R. Gibbons, 2017-03-30. Who will mourn with me? Who will break bread with me? Who is my neighbor? In the wake of the religious reformations of the sixteenth century, such questions called for a new approach to the communal religious rituals and verses that shaped and commemorated many of the brightest and darkest moments of English life. In England, new forms of religious writing emerged out of a deeply fractured spiritual community. *Conflicts of Devotion* reshapes our understanding of the role that poetry played in the reformation of English community and shows us that understanding both the poetics of liturgy and the liturgical character of poetry is essential to comprehending the deep shifts in English spiritual attitudes and practices that occurred during the sixteenth and seventeenth centuries. The liturgical communitarian perspective of *Conflicts of Devotion* sheds new light on neglected texts and deepens our understanding of how major writers such as Edmund Spenser, Robert Southwell, and John Donne struggled to write their way out of the spiritual and social crises of the age of the Reformation. It also sheds new light on the roles that poetry may play in negotiating and even overcoming religious conflict. Attention to liturgical poetics allows us to see the broad spectrum of ways in which English poets forged new forms of spiritual community out of the very language of theological division. This book will be of great interest to teachers and students of early modern poetry and of the various fields related to Reformation studies: history, politics, and theology.
