**THE ROMAN SALUTE - Martin M. Winkler book confirms Professor Dr. Rex Curry's Discoveries ARE CORRECT** Ian Tinny, Jairely Tripleday, Daysi Caridad, Jaisely Thimblerig, Martin M Winkler s

research in The Roman Salute verifies Historian Dr Rex Curry s discoveries including 1 Adolf Hitler and Benito Mussolini borrowed their infamous salutes from the USA s Francis Bellamy The socialist Bellamy from Rome New York was the origin of the Roman Salute used later by the socialist Adolf Hitler and by the long time socialist leader Benito Mussolini which Mussolini learned when he was a socialist too 2 The Roman Salute phrase was inspired by Rome New York the hometown of Francis Bellamy author of the USA s Pledge of Allegiance and a Roman from New York who attended Rome Free Academy RFA All New York Romans were proud to hear and read of his Youth s Companion success and his lengthy Pledge of Allegiance presentation in 1892 Soon RFA was doing Bellamy s Roman salute daily 3 In 1898 New York mandated Bellamy s Roman Salute with the pledge In 1899 the Broadway play Ben Hur opened and used Bellamy s Roman salute solidifying the Bellamy Salute as the Roman Salute The Ben Hur play also exported it abroad to Germany and Italy and everywhere 4 New York City became Grand Central Station for the distribution of America s Nazi salute worldwide Pride swelled for New York s Romans and all New Yorkers and the USA As the decades passed that pride evaporated It evolved into today s deranged lying to hide American Heritage 5 The socialist Bellamy s 1892 American Nazi salute caused the painting Oath of the Horatii to be referred to as a Roman Salute beginning in 2003 and thereafter see the etymological genealogy and derivation that exposes deranged lying by modern socialists The USA s population was 134 million in 1942 when Congress changed the Roman Bellamy s Socialist Salute Almost all those millions including armed forces stationed abroad for years who helped spread Bellamy s salute were familiar with the Roman Bellamy s Socialist Salute and they knew that it was the origin of Germany s socialist salute and Italy s socialist salute adopted by the long time socialist leader Mussolini who learned the American salute when he was a socialist No Americans believed it came from a French painting The circumstances show that Congress

changed the gesture because Congress knew the Roman Bellamy's Socialist Salute was the origin of Germany's socialist salute and Italy's socialist salute. Many Americans ignored Congress meddling and proudly retained their salute saying "That's our salute and we had it first and violent socialists abroad should stop stealing it." **The CISO 3.0** Walt Powell, 2025-08-05

This isn't just a book. It is a roadmap for the next generation of cybersecurity leadership. In an era where cyber threats are more sophisticated and the stakes are higher than ever, Chief Information Security Officers (CISOs) can no longer rely solely on technical expertise. They must evolve into strategic business leaders who can seamlessly integrate cybersecurity into the fabric of their organizations. This book challenges the traditional perception of CISOs as technical leaders advocating for a strategic shift toward business alignment, quantitative risk management, and the embrace of emerging technologies like artificial intelligence (AI) and machine learning. It empowers CISOs to transcend their technical expertise and evolve into business-savvy leaders who are fully equipped to meet the rising expectations from boards, executives, and regulators. This book directly addresses the increasing demands from boards and regulators in the wake of recent high-profile cyber events, providing CISOs with the necessary skills and knowledge to navigate this new landscape. This book isn't just about theory but also action. It delves into the practicalities of business-aligned cybersecurity through real-life stories and illustrative examples that showcase the triumphs and tribulations of CISOs in the field. This book offers unparalleled insights gleaned from the author's extensive experience in advising hundreds of successful programs, including in-depth discussions on risk quantification, cyber insurance strategies, and defining materiality for risks and incidents. This book fills the gap left by other resources, providing clear guidance on translating business alignment concepts into practice. If you're a cybersecurity professional aspiring to a CISO role or an existing CISO seeking to enhance your strategic leadership skills and business acumen, this book is your roadmap. It is designed to bridge the gap between the technical and business worlds and empower you to become a strategic leader who drives value and protects your organization's most critical assets. **Business & Society** O.C.
