fun She had no answer to that and no way to find one without actually having her body abused and she was extremely reluctant to ask any of the men she knew to do that even though it might have answered her question Partly she was concerned that he might really enjoy doing it to her while she didn't and he might continue to inflict pain on her even while she was imploring him to stop If she asked her boyfriend to try the experiment with her she might hate it and he might like it and insist on swatting her bare bottom as part of every sexual encounter after that As for having a stranger spank her that could be even more dangerous even if she were willing to expose herself to him One evening in her dorm room Cassie thought she had found a safe way to learn what she wanted to know While surfing the internet she happened to come across a picture of a woman whose naked ass was apparently being paddled by a tall handsome man using what looked like a long board with a handle She read the accompanying text and learned the name of the site and of the small nondescript building where they were located were Paddling Party Her interest was piqued and she read further about how they catered to adventurous men and women who were curious about the sexual joys to be found through the receiving or giving of pain Intrigued because that described her perfectly Cassie read more about how the club as the site called their place of business serviced people who were looking for a different kind of thrill Men and women who came there together would be assigned to the same room if that was what they preferred New clients especially people who were curious about being spanked and came to the club alone would be paired with other male or female clients depending on preference who would be aware of the lack of experience and would be as rough or as gentle as the new person wanted The advertisement went on to describe safe words and various objects that could be used in the spankings or whippings Cassie took a closer look at the photo that had caught her eye The woman was very beautiful and very naked and she was bent forward over the back of what appeared to be a heavy wooden chair The handsome man had apparently just landed a blow on one creamy ass cheek and left a bright red blotch There were other marks that looked as if they had come from previous swats of the board As she stared at the bare skin and the marks Cassie felt her own ass tingling and for a moment wished she could be the one having her naked rear end turned a bright red by the instrument being swung by the same hot dude I'll do it she said aloud Do what asked Josie her roommate best friend and confidante Come here and I'll show you Josie ambled over and looked at the screen She and Cassie had discussed the latter's curiosity several times and were both of the mind that any girl who got involved in such an experiment with a stranger would have to be very careful and make arrangements for a trusted friend to come to her rescue if need be They both remembered those conversations and expanded on them I could be that friend Josie had suggested If you ever want to try it that is The roommates discussed how Cassie could call for help without anybody who might be menacing her being aware of what she was doing They decided Josie would follow her to The Paddling Place and 20 minutes after their arrival call her cell phone and ask about an exam they would pretend to have taken that day at college If Cassie told her friend she had flunked it that would be a cry for help while a response of passing would mean everything was

alright and Josie could go home Of course if she chose to go through with it they would get together later and discuss the night s events at great length    **Spanking Romance** T.
