Jawahir, S.K. Sikdar, Y. Huang, 2013-07-01 This book is aimed at providing a comprehensive overview of recent developments in sustainability science and engineering. The book focuses on principles and practices and presents 18 interwoven chapters on four major themes: design for sustainability, sustainability metrics and analysis, sustainable energy and sustainable supply value. Significant state-of-the-art work methodologies, practices and plans are presented by researchers, technology developers and industry leaders. Topics discussed include life cycle assessment, product end-of-life options, practical approaches to sustainability, environmental footprint assessment, biofuels and sustainable supply chain management.

Encyclopedia of Sustainability Science and Technology Robert A. Meyers, 2012-09-30 The Encyclopedia of Sustainability Science and Technology (ESST) addresses the grand challenge for science and engineering today. It provides unprecedented peer-reviewed coverage in more than 550 separate entries comprising 38 topical sections. ESST establishes a foundation for the many sustainability and policy evaluations being performed in institutions worldwide. An indispensable resource for scientists and engineers in developing new technologies and for applying existing technologies to sustainability, the Encyclopedia of Sustainability Science and Technology is presented at the university and professional level needed for scientists, engineers and their students to support real progress in sustainability science and technology. Although the emphasis is on science and technology rather than policy, the Encyclopedia of Sustainability Science and Technology is also a comprehensive and authoritative resource for policy makers who want to understand the scope of research and development and how these bottom-up innovations map on to the sustainability challenge.

Encyclopedia of Sustainability Science and Technology, 2012 **Sustainability Challenges and Delivering Practical Engineering Solutions** Gasim Hayder, Ahmed Salih, Rashid A.
