ROBERT
LINDFELT

Finally, a fresh new look at speaking in tongues!

Robert Lindfelt's work on *Speaking in Tongues: A Biblical Perspective* is not a parroting of previous resources but an honest, fresh look at the biblical evidence alone. I'm glad he had the courage to investigate the scriptural evidence without preconceived ideas. This work should aid many who want to know the biblical significance of speaking in tongues and bring the patience and comfort of the Scriptures to those who desire to know.

—Rev. Wayne Clapp, Ohio

Speaking in Tongues: A Biblical Perspective is a valuable contribution to the Christian community. The writing is clear, concise and readable for anyone desiring to know what the Bible says concerning speaking in tongues.

—Frank E. And Patricia J. Strubhal, Oregon

Speaking in Tongues: A Biblical Perspective deals with one of the most misunderstood and underused resources in all Christianity. Jesus Christ proclaimed it as a sign for those who would be saved. It ushered in the Church age that started on the day of Pentecost. It was the one demonstrative evidence pronounced in the book of Acts as proof that a person was born again of God's spirit.

This book takes an honest look at speaking in tongues using only God's Word as evidence. Twentythree different records in God's Word that obviously deal with speaking in tongues are scrutinized to see exactly what speaking in tongues is. This book will give each reader, regardless of background, a greater insight and appreciation of the manifestation of speaking in tongues that God designed for man's blessings.

Robert Lindfelt has dedicated his life to biblical research and Christian service for over forty years. He is the Director of the San Diego Biblical Studies Fellowship and has taught God's Word throughout the United States and Great Britain. He has a Bachelor of Arts degree from East Carolina University.

Tongues Pius Joseph, 2019-06-20 Speaking in tongues or praying in the Holy Spirit is a terminology that is associated with baptism in the spirit with the evidence of speaking in tongues While it is evidently clear that the baptism of the Holy Spirit with the evidence of speaking in tongues is in line with Scriptures there are many out there who want to know what they stand to get if they are baptised in the Holy Spirit with the evidence of speaking in tongues This is the purpose and intent of this book to give you a biblical perspective on the benefits of praying in the Holy Ghost with the evidence of speaking in tongues This book is by no means trying to impose the baptism in the Holy Spirit with the evidence of speaking in tongues on you It only gives you the Bible perspective on what the baptism of the Holy Spirit with the evidence of speaking in tongues does to every believer who opens his heart to the Holy Spirit to fill him The disciples lead a very simple and quiet life prior to the experience of the Holy Spirit in the upper room No one knew them and their work was often shrouded in quietness No miracle was ever performed by them and everything in their lives was a gentle quiet moving stream But on the day of

Pentecost when cloven tongues as of fire landed on each of the disciples everything changed Miracles signs and wonders trail them everywhere they went The sick while getting healed the oppressed free and salvation was made cheaply available to as many who wanted to accept Jesus as their Lord and Saviour One thing was responsible for this shift in the level of spiritual experiences that the disciples began to see It is called the baptism of the Holy Spirit with the evidence of speaking in tongues As you read the pages of this book I want you to do one thing open your heart to the Holy Spirit to help you understand the benefits of praying in tongues for a believer If you have been hesitant about the baptism of the Holy Spirit with the evidence of speaking in tongues this book is for you It tells you what the Bible says and leaves you with the decision on whether to get baptised in the Holy Spirit with the evidence of speaking in tongues or not If you are a believer and want to know the benefits of praying in tongues which you have been doing for a long time this book is also for you It will open your eyes to new light which you do not know previously so that you can pray in tongues with an understanding I present to you the 50 benefits of praying in tongues or of praying in the spirit Tongues in Biblical Perspective Charles R.

Smith,1975-12-01 **An Essential Guide to Speaking in Tongues** Ron Phillips,2011-06-07 This book is part of the Foundation Series by Pastor Ron Phillips The series will contain books describing the basic foundational truths for the Spirit filled believer An Essential Guide to Speaking in Tongues will describe the author's own experience with speaking in tongues The author brings great balance to this topic and helps readers to understand that speaking in tongues is a blessing of God that gives us the ability to boldly approach God's throne with the Holy Spirit's power and language **The Charismatic Movement** John R. Rice,2000-08 **Pentecostal Theology and the Christian Spiritual Tradition** Simon

Chan,2000-01-01 This book deals with the problem of Pentecostal traditioning Traditioning has been ineffective thus far because the richness of Pentecostal faith and experience has been inadequately captured in the classical Pentecostal doctrines of Spirit baptism and glossolalia A more adequate understanding of the key theological symbol of Pentecostalism glossolalia emerges when it is interpreted in the light of Christian spiritual tradition Within this larger tradition glossolalia can be seen as bringing together both the ascetical and contemplative dimensions of the Christian life Chan thus explores the shape of Pentecostal ecclesiology as traditioning community **Speaking in Tongues** Herbert G. Bell, Jr.,Reverend

Herbert G. Bell Jr,2009-07 Speaking in Tongues follows the quest of Reverend Herbert Bell Jr to find out the Biblical truth about speaking in tongues Throughout his book he uses various biblical and pastoral sources to determine the origins of the practice of speaking in tongues His biblical resource is the New King James Version of the bible from which he has also drawn all of the scriptures used in the book He examines the writings of John Wesley Dr Curtis Hutson and James M Frye to weigh their response to the practice of speaking in tongues In John Wesley he finds a voice who just wants his congregation to be able to understand his message Like Wesley he has endeavored in this book to present the material in a manner so that all who read it may understand and profit from its content As he delves more deeply into the writings of Hutson and Frye he

finds two theologians who also share his view of speaking in tongues With that as a basis Reverend Bell decided to search the Scripture for himself so that he would learn what God required of him as he worshipped Him in Spirit and in Truth **The Language of Heaven** Sam Storms,2019 Few other issues have separated the church more than the issue of tongues Sam Storms focuses on this controversial subject with his signature insights to theology and the gifts of the spirit What does the gift giver say about the gift He gave Storms seeks to bring balance to this subject in *The Language of Heaven* as he wrestles with this s *What the Biblical Text Actually Says About Speaking in Tongues* Brian S. Wright,2016-12-16 Much ink and venom have been spilled over the question of what tongues was in the New Testament and what or even if it should be today Most of the dialogue on the topic has been p p1 margin 0 0px 0 0px 0 0px 0 0px font 11 0px Verdana webkit text stroke 000000 span s1 font kerning none rooted in denominational dogma cultural tradition and personal experience instead of clear exegesis of the New Testament texts Therefore if anything in Acts or the rest of the New Testament is to be rightly understood it must be read and understood within the socio religious context of the people who first heard and read it Within the New Testament any theological or religious idea was understood by Hebrew Israelite Jewish people in the context of the Law the Prophets and the Writings i e the Old Testament It is within this framework that the issue of tongues should be considered *The New Unger's Bible Dictionary* Merrill F. Unger,2009-06-01 eBook now easier to navigate than ever Unger s Bible Dictionary has been one of the best selling Bible dictionaries on the market since its introduction in 1957 Now this time honored classic is more valuable than ever Updated and expanded by respected Bible authorities including R K Harrison Howard F Vos and Cyril J Barber The New Unger s Bible Dictionary is packed with the most current scholarship Plus the table of contents is enhanced for easy navigation Readers can jump to any letter and see a full list of words allowing them to locate any entry within seconds No more paging through whole sections of the book to find your word More than 67 000 entries are supplemented with detailed essays colorful photography and maps and dozens of charts and illustrations to enhance your understanding of God s Word Although this volume is based on the New American Standard extensive cross referencing makes it useful with all major Bible translations including the New International King James and New King James versions Voices from the Gods David Christie-Murray,2019-03-20 Glossolalia paranormal speaking in tongues and zenolalia paranormal speaking in allegedly foreign languages are features of many sub cultures and religions The most obvious example is Pentecostalism where every believer in many denominations is expected to speak in tongues at least once the gift in other cultures being limited to individuals shamans and mediums This book first published in 1978 surveys the practice of speaking in tongues in anthropology Christianity and spiritualism and provides an analysis of the psychological theological and linguistic considerations of the phenomenon *Glossolalia* Frank Stagg,E. Glenn Hinson,Wayne Edward Oates,1967 **Speaking in Tongues: The History of Glossolalia from Early Christianity to the 21st Century** Katherine Duke Johnson,2019-03-07 Speaking in tongues has been a hot button topic for evangelicals for quite some time

One side challenging the efficacy of its practice within churches today and the other side wholeheartedly embracing it as practice as a standard for Spirit filled living The historical record of glossolalia is not without controversy The faithful believe that its inception stems from the book of Acts with the Holy Spirit descending upon faithful as fire While there is evidence that speaking with tongue was not confined to the day of Pentecost and existed both within and outside of the Jewish and Christian traditions alike However Pentecostals would say that this was not an authentic practice in earlier forms prior to the New Testament church With the emergence of Pentecostalism and the Charismatic Churches of the 21st century the question of biblical credence of glossolalia is one which clergy continue to grapple with and brings out deep feelings on both sides continualist and cessationist I Timothy 2:15 reads study to show our selves approved unto God a workman that doesn't need to be ashamed rightly dividing the word of truth He would only want us to study pray and have an open heart to whatever that practice reveals With that I believe that it is a worthwhile endeavor to test the viability of speaking in tongues within the framework of the continuity of its practice within history from early Christianity through the present The Bible illustrates several instances of speaking in tongues in the New Testament church If study of doctrine and history bears out that its practice continues through the present then it is plausible that the intent is that believers continue its practice in modern day church Conversely if the cessation of its practice in history and the biblical interpretation agrees then the cessationist view is plausible Again God is not unnerved by any question but our finite understanding gives Him the opportunity to provide Himself strong omnipotent and omniscient for all the world to see

Speaking in Tongues Mark J. Cartledge, 2012-04-04 Speaking in tongues glossolalia is a common spiritual phenomenon in the Pentecostal and Charismatic streams of the Christian church Such Christians believe that when they speak in tongues they are communicating with God in a language that they have never learned spiritual prayer language given to them by the Holy Spirit This innovative volume seeks to enhance our understanding and appreciation of glossolalia by examining it from a range of different angles Christian scholars from diverse academic disciplines bring to bear the insights of their own specialist areas to shed new light on the practice of speaking in tongues The disciplines include New Testament Studies Max Turner Theology Frank D Macchia History Neil Hudson Philosophy James K A Smith Linguistics David Hilborn Sociology Margaret M Poloma Psychology William K Kay A final chapter by Mark J Cartledge seeks to show how all of these perspectives can work together and enrich a Christian appreciation of the gift of tongues
