Included in this text are: How to set up an environment that will allow all English language learners to succeed; Stages of English language proficiency and stages of reading development; how they compare and how to use them to assess and plan for individual children; A focus on tapping into children's prior knowledge in their primary language while teaching reading in English and using Spanish English cognates to help develop academic language; A collection of in-depth lessons and mini lessons based on children's language proficiency and reading strategy needs; with ongoing assessment, teacher reflection, and with an emphasis on choosing the right books to match their reading and language level; How to manage numerous guided reading groups with children of all stages of reading and language proficiency; Thematic planning with sample units for primary and upper grades to support academic language and meet content standards; Ideas for literacy evenings, school tours, and other events to involve parents with the learning community; Extensive resources: numerous forms and checklists, observation sheets, planning sheets, literature response sheets, focus sheets for shared and guided reading, and more.
