Catherine Coveney,Michael Greaney,Eric L. Hsu,Robert Meadows,Simon J. Williams,2023-06-25 This book draws on a variety of substantive examples from science technology medicine literature and popular culture to highlight how a new technoscientifically mediated and modified phase and form of technosleep is now in the making in the global north at least and to discuss the consequences for our relationships to sleep the values we accord sleep and the very nature and normativities of sleep itself The authors discuss how technosleep at its simplest denotes the coming together or entanglements of sleep and technology and sensitizes us to various shifts in sleep technology relations through culture time and place In doing so it pays close attention to the salience and significance of these trends and transformations to date in everyday night life their implications for sleep inequalities and the related issues of sleep and social justice they suggest

**Party Hypnotism Stunts and Tricks** ,2012-12-12 Party Hypnotism Stunts and Tricks The purpose of these hypnotic stunts is two fold It presents a series of apparent hypnotic experiments using genuine subjects and achieves results that cause the subject and spectators to believe that real hypnotism transpired Second by causing the subject to believe real hypnotism prevailed it greatly increases their susceptibility to real hypnotic experiments should the operator wish to further invade this field **BSD Hacks** Dru Lavigne,2004-05-24

In the world of Unix operating systems the various BSDs come with a long heritage of high quality software and well designed solutions making them a favorite OS of a wide range of users Among budget minded users who adopted BSD early on to developers of some of today's largest Internet sites the popularity of BSD systems continues to grow If you use the BSD operating system then you know that the secret of its success is not just in its price tag practical reliable extraordinarily stable and flexible BSD also offers plenty of fertile ground for creative time saving tweaks and tricks and yes even the chance to have some fun Fun you ask Perhaps fun wasn't covered in the manual that taught you to install BSD and administer it effectively But BSD Hacks the latest in O'Reilly's popular Hacks series offers a unique set of practical tips tricks tools and even fun for administrators and power users of BSD systems BSD Hacks takes a creative approach to saving time and getting more done with fewer resources You'll take advantage of the tools and concepts that make the world's top Unix users more productive Rather than spending hours with a dry technical document learning what switches go with a command you'll learn concrete practical uses for that command The book begins with hacks to

customize the user environment You ll learn how to be more productive in the command line timesaving tips for setting user defaults how to automate long commands and save long sessions for later review Other hacks in the book are grouped in the following areas Customizing the User Environment Dealing with Files and Filesystems The Boot and Login Environments Backing Up Networking Hacks Securing the System Going Beyond the Basics Keeping Up to Date Grokking BSD If you want more than your average BSD user you want to explore and experiment unearth shortcuts create useful tools and come up with fun things to try on your own BSD Hacks is a must have This book will turn regular users into power users and system administrators into super system administrators
