and The Yield On Cost Gold Mine Stephen Fleckenstein, 2025-08-15 This is not a story book. This book is an instructional manual based on financial research. Sorry, but it's all about the numbers. To appreciate the powerful investment approach that the FYSSI supports, you will have to understand the numbers. Just simple adding, subtracting, multiplying, and dividing decimal points and percentages. This is not a get rich quick scheme. If you can grasp the measure and the magnitude of how your investments, big or small, can grow and how money can make money, you will perhaps feel much better about your monetary future. The intent is to provide a list of stocks that illustrate excellent investment choices. The Five Year Stellar Stock Index (FYSSI) pronounced Fizzy can help you achieve a far better return than the average annual return you can get with an S&P 500 index fund.
