Carlson, 2022-06-27 2023 Jazz Journalists Association JJA Jazz Awards for Books of the Year Honorable Mention Recipient On December 4 1957 Miles Davis revolutionized film soundtrack production improvising the score for Louis Malle's *Ascenseur pour l'escalier* A cinematic harbinger of the French New Wave *Ascenseur pour l'escalier* challenged mainstream filmmaking conventions emphasizing experimentation and creative collaboration It was in this environment during the late 1950s to 1960s a brief golden age for jazz in film that many independent filmmakers valued improvisational techniques featuring soundtracks from such seminal figures as John Lewis Thelonious Monk and Duke Ellington But what of jazz in film today *Improvising the Score Rethinking Modern Film Music through Jazz* provides an original vivid investigation of innovative collaborations between renowned

contemporary jazz artists and prominent independent filmmakers. The book explores how these integrative jazz film productions challenge us to rethink the possibilities of cinematic music production. In depth case studies include collaborations between Terence Blanchard and Spike Lee, Malcolm X, When the Levees Broke, Dick Hyman and Woody Allen, Hannah and Her Sisters, Antonio Sánchez and Alejandro González Iñárritu, Birdman and Mark Isham, and Alan Rudolph's Afterglow. The first book of its kind, this study examines jazz artists' work in film from a sociological perspective, offering rich behind-the-scenes analyses of their unique collaborative relationships with filmmakers. It investigates how jazz artists negotiate their own creative labor, examining the tensions between improvisation and the conventionally highly regulated structures, hierarchies, and expectations of filmmaking. Grounded in personal interviews and detailed film production analysis, Improvising the Score illustrates the dynamic possibilities of integrative artistic collaborations between jazz film and other contemporary media, exemplifying its ripeness for shaping and invigorating twenty-first-century arts media and culture.

The Animated Dad Lorin Shahinian, Leslie Salas 2024-01-11. The Homer Simpson-esque stereotype has been a persistent trope in cartoons since programming aimed directly at children and adolescents began. Young viewers are exposed to the incapable and incompetent hapless father archetype on a regular basis, causing both boys and girls to expect the bare minimum of fathers while mothers hold the responsibility for all domestic and parenting work. Cartoons rely heavily on toxic stereotypes for ratings when, in fact, healthy representations of fathers are just as successful in maintaining viewership. Eleven essays written by scholars from around the world investigate the topic of fatherhood as it is represented in children's animated television shows. Main themes that emerge include absent and negligent fathers, single fathers, generational shifts within families, and raising the standard of fathering by creating secure bonds between father and child. The authors uncover problematic fathers, imperfect yet redemptive fathers, and fathers who embody idealized parenting traits.
