The Raging 2020s Alec Ross,2021-09-14 In the face of unprecedented global change New York Times bestselling author Alec Ross proposes a new social contract to restore the balance of power between government citizens and business in *The Raging 2020s* For 150 years there has been a contract Companies hold the power to shape our daily lives The state holds the power to make them fall in line And the people hold the power to choose their leaders But now this balance has shaken loose As the market consolidates the lines between big business and the halls of Congress have become razor thin Private companies have become as powerful as countries As Walter Isaacson said about Alec Ross s first book *The Industries of the Future* The future is already hitting us and Ross shows how it can be exciting rather than frightening Through interviews with the world s most influential thinkers and stories of corporate activism and malfeasance government failure and renewal and innovative economic and political models Ross proposes a new social contract one that resets the equilibrium between corporations the governing and the governed *Not Fair* Lars Osberg,2025-10-28 *Not Fair* offers a fresh perspective on the barriers to true equal opportunity in Canada Challenging the conventional focus on labour market earnings this book examines both sides of GDP income from labour and income from capital highlighting the critical role of inherited wealth in sustaining Canada s financial aristocracy of great family fortunes Through a compelling exploration of both upward and downward social mobility the book reveals the hidden mechanisms that reinforce inherited privilege and the persistent barriers to change Challenging the myth of a meritocratic society *Not Fair* makes a compelling case for systemic reform calling not only for expanded opportunities but also for a stronger social safety net to mitigate the realities of downward mobility With a sharp focus on taxation of large inheritances the vital role of unions and the impact of progressive social policies this book presents a powerful call to action for a fairer more just economy Engaging and thought provoking it is essential reading for anyone concerned about the future of economic equality in Canada New York Court of Appeals.
