Hearing on Alternatives to Strengthen Social Security United States. Congress. House. Committee on Ways and Means,2006 Climate Change Justice Eric A. Posner,David Weisbach,2010-02-22 A provocative contribution to the climate justice debate Climate change and justice are so closely associated that many people take it for granted that a global climate treaty should indeed must directly address both issues together But in fact this would be a serious mistake one that by dooming effective international limits on greenhouse gases would actually make the world s poor and developing nations far worse off This is the provocative and original argument of Climate Change Justice Eric Posner and David Weisbach strongly favor both a climate change agreement and efforts to improve economic justice But they make a powerful case that the best and possibly only way to get an effective climate treaty is to exclude measures designed to redistribute wealth or address historical wrongs against underdeveloped countries In clear language Climate Change Justice proposes four basic principles for designing the only kind of climate treaty that will work a forward looking agreement that requires every country to make greenhouse gas reductions but still makes every country better off in its own view This kind of treaty has the best chance of actually controlling climate change and improving the welfare of people around the world
