Advancement in Business Analytics Tools for Higher Financial Performance Gharoie Ahangar, Reza, Napier, Mark, 2023-08-08 The relentless growth of data in financial markets has boosted the demand for more advanced analytical

tools to facilitate and improve financial planning. The ability to constructively use this data is limited for managers and investors without the proper theoretical support. Within this context there is an unmet demand for combining analytical finance methods with business analytics topics to inform better investment decisions. **Advancement in Business Analytics Tools for Higher Financial Performance** explores the financial applications of business analytics tools that can help financial managers and investors to better understand financial theory and improve institutional investment practices. This book explores the value extraction process using more accurate financial data via business analytical tools to help investors and portfolio managers develop more modern financial planning processes. Covering topics such as financial markets, investment analysis and statistical tools, this book is ideal for accountants, data analysts, researchers, students, business professionals, academicians and more.

Greatness Code Alan C. Guarino, 2026-01-06. Unlock the qualities of success and reach your full potential using this effective guide from leadership and career development expert Alan C. Guarino. Your personal greatness objective is self-defined. For each of us the definition of success and the journey to achieve it is different. Yet no matter how talented or driven you are, your ability to achieve greatness is significantly influenced by many factors outside of your control. Leadership sets the tone, defining not just what they think success looks like but also how you are expected to show up, collaborate and grow. **Greatness Code: The Formula Behind Unstoppable Success** shows how to achieve your personal and career related goals. As Vice Chairman of Korn Ferry and the founder of Cornell International Inc, Guarino devised a formula for success from thousands of data points over decades, helping people achieve their goals. Anyone who achieves their own greatness gets there by applying their social capital and building on five critical qualities: Persistence, Stamina, Courage, Resilience, Passion. Your personally defined goal of greatness is achievable for almost anyone using this formula. In addition, **Greatness Code** provides scientific research and real life examples that show how to advance at every career stage. It's time for you to gain the edge that these tools can give you. It's time to crack the Greatness Code.
