in Finance and Banking John William Leonard,1927 **America, Amerikkka** Rosemary Radford Ruether,2014-12-05
America views itself as a nation inhabiting a promised land and enjoying a favoured relation with God This view of unique
election has been coupled with racial exclusivism and the marginalization of non white citizens America Amerikkka traces the
historical and ideological patterns behind America s sense of itself In its examination of America s chosenness the book
ranges across the doctrine of the rights of man in the 18th and 19th centuries the role of America in the twentieth century as
global policeman and the enforcement of neo colonial relations over the third world The volume argues for a vision of global
relations between peoples based on justice and mutuality rather than hegemonic dominance
