We Still Hold These Truths Rediscovering Our Principles Reclaiming Our Future:

We Still Hold These Truths Matthew Spalding, 2014-04-08 The Essential Guide to Rolling Back the Progressive Assault and Putting America Back on Course Many Americans are concerned frightened angry The country it seems is on the wrong track But what is the right course for America Knowing what we stand against is not the same as knowing what we stand for Just in time Matthew Spalding provides the plan for translating angst into proper action in this bestselling book We Still Hold These Truths offers a bracing analysis of how and why we have lost our bearings as a nation and lays out the strategy to rescue our future from arbitrary and unlimited government

Progressive Dystopia MICHAEL OZGA, 2012-02-06 We are at a crossroads in our nations history and presented with two distinct choices liberty or tyranny We either believe in American exceptionalism and the founding principle that man can rule himself Or we choose a style of governance that centrally plans our very existence We either believe in the principles espoused by Washington Jefferson Madison Franklin et al or we believe in the principles espoused by Marx Engels Bismarck Lenin et al Following The Constitutional Convention Benjamin Franklin said we have a Republic if we can keep it A warning against apathy and a call to arms that freedom requires eternal vigilance Reagan planted his flag and asked if not us who if not now when We are presented with a choice between a style of government whereby the power is derived from the people and a style of government that usurps all power from the governed Progressivism is a villainous perfidy and a style of government completely antithetical to our founding principles

The American Spirit Edwin J. Feulner, Brian Tracy, 2012-06-11 The United States is an exceptional place to call home thanks to the character of the American people With conviction and urgency Ed Feulner and Brian Tracy affirm our core tenets from patriotism and optimism to faith and generosity and challenge all of us to live out the timeless principles of citizenship Packed with engaging stories insightful profiles and eye opening statistics *The American Spirit* serves as an indispensable primer on the bedrock belief that an indomitable spirit does exist that it defines us as a people and that it must be preserved for the nation to flourish

The Making of the American Mind Matthew Spalding, 2025-12-09 Thomas Jefferson called the Declaration of Independence an expression of the American mind Not merely a document the Declaration is the common creed of our civic life and it inspires the shared poetry of our political soul In *The Making of the American Mind* best selling author Matthew Spalding presents the dynamic story of the band of patriots who united to declare independence from and declare war against the most powerful nation in the world He recounts the whirlwind of historic events that led up to the momentous political and strategic decisions of July 1776 from George Washington leading a new and untested army to John Adams and Thomas Jefferson advocating independence in a divided Continental Congress to George III forging an absolute tyranny over the good People of these Colonies In this unique commentary Spalding recovers the deep roots of the Declaration of Independence by examining the influence of the Greeks and Romans the Christian West and the English constitutional tradition on the American mind Reading through the Declaration clause by clause he explores the rich history

and profound significance of the document's powerful language and arguments from the Laws of Nature and of Nature's God all men are created equal and the pursuit of happiness to prudence will dictate and abuses and usurpations Based on extensive original research the work presents in vivid detail the heroic deeds of those who pledged our Lives our Fortunes and our sacred Honor to support the Declaration America cannot be appreciated without an understanding of the Declaration of Independence Spalding's dramatic retelling and thorough explanation of the Declaration's making and meaning will capture the heart and instruct the mind of every reader **We Still Hold These Truths** Matthew Spalding, 2010-10-05 The things I want to know are in books Abraham Lincoln In the United States the people are the sovereign over their government When a group of citizens study the principles and practices of their nation and its government that is the first and most important step in the advancement of principles and the restoration of constitutional government This Leader's Guide is a companion to the bestselling book We Still Hold These Truths It provides everything you need to take your group on a journey through history to discover what defines us as a nation and ask the thought provoking questions to get our country back on track
