We The People A Concise Introduction To American Politics 5th Edition:

Beyond the Boundaries Georgia A. Persons, 2017-09-29 In the past African American aspirations for political office were assumed to be limited to areas with sizeable black population bases. By and large black candidates have rarely been successful in statewide or national elections. This has been attributed to several factors: limited resources available to African American candidates or identification with a black liberationist ideological thrust. Other factors have been a relatively small and spatially concentrated primary support base of black voters and the persistent resistance of many white voters to support black candidates. For these reasons the possibility of black candidates winning elections to national office was presumably just a dream. Conventional wisdom conceded a virtual cap on both the possible number of black elected officials and the level of elective office to which they could ascend. But objective political analysis has not always made sufficient allowances for the more universal phenomenon of individual political ambitions. The contributors to this volume explore the ways ambitious individuals identified and seized upon strategies that are expanding the boundaries of African American electoral politics. This volume is anchored by a symposium that focuses on new possibilities in African American politics. Both the electoral contests of 2006 and the Barack Obama presidential campaign represent an emergent dynamic in American electoral politics. Analysts are beginning to agree that the contours of social change now make the electoral successes of black candidates who are perceived as ideologically and culturally mainstream increasingly likely. The debate captured in this volume will likely inspire further scholarly inquiry into the changing nature and dimensions of the larger dynamic of race in American politics and the subsequent changing political fortunes of African American candidates. **The New American Social Compact**

Jane A. Grant, 2008-01-01 The New American Social Compact examines the need to redefine the social compact in twenty-first century America. Grant explores the two components of this compact—the rights and obligations of citizenship—as well as what she sees as the four substantive areas that are critical to realizing a new social compact in America. Grant proposes a new social compact that would honor the expansion of civil, political, and social rights in America and would integrate these rights within a new civic procedural ethos clarifying our obligations to each other, future generations, other nations, and other species. **Study Guide for Use with We the People, a Concise Introduction to American Politics [by] Thomas E. We the People Thomas E. Patterson, 2004 **Defending Same-Sex Marriage** Martin Dupuis, William A. Thompson, Traci C. West, 2006-12-30 Today we find ourselves at a crossroads of two powerful, unrelenting currents that are completely at odds with one another. The movement for legal recognition of same-sex unions has gone beyond the separate but equal status of civil unions to demand equality in marriage for all couples. Progress is being made on many fronts: mayoral action, clergy officiating at same-sex marriage and union ceremonies, state legislative responses, and street protests to name a few. Meanwhile, opposition to same-sex marriage has also been gathering strength. The struggle is sure to continue unabated for some time to come, pitting those who believe in the traditional

definition of marriage as a union between a man and a woman and who seek to codify this belief in the U S Constitution against those who find the basis for marriage between two loving committed individuals not only in the history of our civil rights legislation and court decisions but also in scripture and sacred religious traditions Those who believe in extending to same sex couples the 1 049 rights conferred by marriage as well as the supportive embrace of religious communities seek to strengthen the institution of marriage by making it inclusive and by passing laws and broadening doctrines to uphold marriage rights for all couples This three volume set clarifies the legal political religious cultural and social ramifications of same sex marriage for gay and lesbian couples and their families and friends and for the general public interested in the future of civil rights in the United States **Toward Sustainable Communities, Fifth Edition** Mark Roseland, Margaret Stout, Maria Spiliotopoulou, 2023-11-28 The go to guide for sustainable community development from the neighborhood to the regional level Fully revised and updated Toward Sustainable Communities is the definitive guide to the why the what and most importantly the how of creating resilient healthy equitable and prosperous places This fifth edition introduces the innovative Community Capital Compass as a powerful tool for maximizing the environmental economic and social benefits of complex community and regional decisions and has been completely revamped to serve readers in the US Canada and abroad Those seeking a comprehensive approach to sustainable community planning and development from the neighborhood to the regional level will benefit from An expanded Community Capital framework that organizes community resources into eight interrelated forms of capital The Community Capital Compass process for navigating complex situations involving everything from municipal services and land use planning to housing and climate change Elaboration of collaborative governance community mobilization public engagement capacity building infrastructure policymaking and promising practices A companion website featuring case studies profiles online resources interactive tools videos and more Packed with concrete proven strategies this living book is the go to guide for sustainable community development Toward Sustainable Communities is essential reading for current and aspiring professionals practitioners policymakers educators purpose driven organizations engaged citizens and anyone concerned about their communities and a sustainable future **Bridging the Gap** Brenda D. Smith, 2008 *Defending Same-sex Marriage: The freedom-to-marry movement : education, advocacy, culture, and the media* Mark Philip Strasser, Martin Dupuis, William A. Thompson, 2007 Places the struggle for marriage rights in the context of other American civil rights movements advocating legal and religious recognition of same sex marriage while educating the public about what gay marriage does and does not mean for the future of the institution of marriage
