Jesuit Kaddish James Bernauer, S.J., 2020-03-30 While much has been written about the Catholic Church and the Holocaust little has been published about the hostile role of priests in particular Jesuits toward Jews and Judaism Jesuit Kaddish is a long overdue study that examines Jesuit hostility toward Judaism before the Shoah and the development of a new understanding of the Catholic Church's relation to Judaism that culminated with Vatican II's landmark decree *Nostra aetate* James Bernauer undertakes a self examination as a member of the Jesuit order and writes this story in the hopes that it will contribute to interreligious reconciliation Jesuit Kaddish demonstrates the way Jesuit hostility operated examining Jesuit moral theology's dualistic approach to sexuality and in the case of Nazi Germany the articulation of an unholy alliance between a sexualizing and a Judaizing of German culture Bernauer then identifies an influential group of Jesuits whose thought and action contributed to the developments in Catholic teaching about Judaism that eventually led to the watershed moment of *Nostra aetate* This book concludes with a proposed statement of repentance from the Jesuits and an appendix presenting the fifteen Jesuits who have been honored as Righteous Among the Nations by Israel's Yad Vashem Holocaust Center Jesuit Kaddish offers a crucial contribution to the fields of Catholicism and Nazism Catholic Jewish relations Jesuit history and the history of anti-Semitism in Europe

Militarization and Democracy in West Germany's Border Police, 1951-2005 David M. Livingstone, 2024 A social history of West Germany's Bundesgrenzschutz BGS Federal Border Police that complicates the telling of the country's history as a straightforward success story The 2020 murder of George Floyd by Minneapolis police officers shows that police violence is still a problem in Western democracies Floyd's murder prompted some critics to hail the German police as a model of democratic policing that should be emulated After 1945 Germany's police forces had supposedly shed the militarization and authoritarian impulses still prevalent in other nations' forces These uncritical appraisals however deserve closer analysis This book is a social history of West Germany's Bundesgrenzschutz BGS a federal border guard established in 1951 that became re-unified Germany's first national police

force It argues that the BGS revived authoritarian traditions of militarized policing and kept them alive long into the postwar era even though the country was supposedly consigning these problematic legacies to its past The BGS was staffed and led by Wehrmacht and SS veterans until the late 1970s and while West Germany was democratizing BGS commanders were still planning to fight wars and were teaching its officers street fighting tactics While the end outcome was positive the study contributes to the growing body of recent research that complicates the writing of the Federal Republic's history as a success story Dealing explicitly with post fascist West Germany's struggle to establish a democratic police force the book enters a conversation with studies concerned with democratization security and Germany's effort to overcome its Nazi past DAVID M LIVINGSTONE holds a PhD in History from the University of California San Diego He is retired as Chief of Police of Simi Valley California and is an adjunct professor at California Lutheran University **Retreat from Moscow** David

Stahel,2019-11-19 An authoritative revisionist account of the German Winter Campaign of 1941 1942 with maps Hair raising a page turner Kirkus Reviews Germany's winter campaign of 1941 1942 is commonly seen as its first defeat In Retreat from Moscow a bold gripping account of one of the seminal moments of World War II David Stahel argues that instead it was its first strategic success in the East The Soviet counteroffensive was in fact a Pyrrhic victory Despite being pushed back from Moscow the Wehrmacht lost far fewer men frustrated its enemy's strategy and emerged in the spring unbroken and poised to recapture the initiative Hitler's strategic plan called for holding important Russian industrial cities and the German army succeeded The Soviets as of January 1942 aimed for nothing less than the destruction of Army Group Center yet not a single German unit was ever destroyed Lacking the professionalism training and experience of the Wehrmacht the Red Army's offensive attempting to break German lines in countless head on assaults led to far more tactical defeats than victories Using accounts from journals memoirs and wartime correspondence Stahel takes us directly into the Wolf's Lair to reveal a German command at war with itself as generals on the ground fought to maintain order and save their troops in the face of Hitler's capricious increasingly irrational directives Excerpts from soldiers diaries and letters home paint a rich portrait of life and death on the front where the men of the Ostheer battled frostbite nearly as deadly as Soviet artillery With this latest installment of his pathbreaking series on the Eastern Front David Stahel completes a military history of the highest order An engaging fine grained account of an epic struggle Mr Stahel describes these days brilliantly switching among various levels of command while reminding us of the experiences of the soldiers on the ground and the civilians caught up in the Nazi war of annihilation The Wall Street Journal **The New Republic** ,2002 [The Extermination and the Resistance of the Polish Jews During the Period 1939-1944](#) Bernard Mark,1955 **Archives de sciences sociales des religions** ,2019

Confronting the Nazi War on Christianity Richard Bonney,2009 Contemporaries and historians have found it difficult to interpret the ambiguous relationship between National Socialism and Christianity Both the Catholic and Protestant Churches tended to agree with National Socialists in their authoritarianism their attacks on socialism and communism and

their campaign against the Versailles Treaty but the doctrinal position of the Churches could not be reconciled with the principle of racism a foreign policy of unlimited aggressive warfare or a domestic agenda involving the complete subservience of Church to State Important sections of the Nazi Party sought the complete extirpation of Christianity and its substitution by a purely racial religion but considerations of expediency made it impossible for the National Socialist leadership to adopt this radical anti Christian stance as official policy The Kulturkampf Newsletters which have not appeared in English since the 1930s were produced by German Catholic exiles in France They scrupulously document the tensions between various strands of Nazi policy and the nature of the policy eventually adopted this was to reduce the Churches influence in all areas of public life through the use of every available means yet without provoking the difficulties diplomatic as well as domestic which an openly declared war of extermination might have caused

Hitler's Priests Kevin Spicer, 2008-04-14 Shaken by military defeat and economic depression after War World I Germans sought to restore their nation s dignity and power In this context the National Socialist Party with its promise of a revived Germany drew supporters Among the most zealous were a number of Catholic clergymen known as brown priests who volunteered as Nazi propagandists In this insightful study Spicer unearths a dark subchapter in Roman Catholic history introduces the principal clergymen who participated in the Nazi movement examines their motives details their advocacy of National Socialism and explores the consequences of their political activism Some brown priests particularly war veterans advocated National Socialism because it appealed to their patriotic ardor Others had less laudatory motives disaffection with clerical life conflicts with Church superiors or ambition for personal power and fame Whatever their individual motives they employed their skills as orators writers and teachers to proclaim the message of Nazism Especially during the early 1930s when the Church forbade membership in the party these clergymen strove to prove that Catholicism was compatible with National Socialism thereby justifying their support of Nazi ideology Father Dr Philipp Haeuser a scholar and pastor went so far as to promote antisemitism while deifying Adolf Hitler The F hrer s antisemitism Spicer argues did not deter clergymen such as Haeuser because although the Church officially rejected the Nazis extreme racism Catholic teachings tolerated hostility toward Jews by blaming them for Christ s crucifixion While a handful of brown priests enjoyed the forbearance of their bishops others endured reprimand or even dismissal a few found new vocations with the Third Reich After the fall of the Reich the most visible brown priests faced trial for their part in the crimes of National Socialism a movement they had once so earnestly supported In addition to this intriguing history about clergymen trying to reconcile faith and politics Spicer provides a master list verified by extensive research in Church and government archives of Catholic clergy who publicly supported National Socialism

German Catholics and Hitler's Wars Gordon C. Zahn, 1988-09-30 Prior to the outbreak of World War II nearly forty thousand German Catholics were involved in the German Catholic Peace League a movement that caused many people in various countries to seriously reconsider the dimension of pacifism in their faith During the course of the War however

many of these same German Catholics raised no serious objection to serving in Germany's armies or swearing allegiance to Adolph Hitler First published in 1962 *German Catholics and Hitler's Wars* created a furor ultimately causing a serious reevaluation of church state relationships and in particular of the morality of war This work began as an attempt to understand the demise of the German Catholic Peace League But because of various factors including the destruction of vital records Gordon C Zahn began to consider the behavior of German Catholics in general and the evidence of their almost total conformity to the war demands of the Nazi regime Using sociological analysis he argues convincingly for the existence of a super effective system of social controls and of a selection between the competing values of Catholicism and nationalism Although Zahn never speculates conclusions are inescapable chief among them that the traditional Catholic doctrine of the just war has ceased to be operative for Catholics in the modern world *The Nazi War Against the Catholic Church* National Catholic Welfare Conference, 1943

Hitler, the War, and the Pope, Revised and Expanded Ronald Rychlak, 2010-05-27

Was Pope Pius XII a Nazi Sympathizer For almost fifty years a controversy has raged about Pope Pius XII Was the Pope who had shepherded the Church through World War II a Nazi sympathizer Was he as some have dared call him Hitler's pope Did he do nothing to help the Jewish people in the grips of the Holocaust In a thoroughly researched and meticulously documented analysis of the historical record Ronald Rychlak has gotten past the anger and emotion and uncovered the truth about Pius XII Not only does he refute the accusations against the Pope but for the first time documents how the slanders against him had their roots in a Soviet Communist campaign to discredit him and by extension the Church Let those who doubt but read Rychlak follow his exquisitely organized courtroom like arguments What Professor Rychlak brings to the forum are facts not rhetoric dates not conjecture evidence not slander The world owes Ronald Rychlak a debt for bringing the truth to light Rabbi Eric A Silver In his well crafted pages the portrait that emerges is one of an extraordinary pastor facing extremely vexing circumstances of a holy man vying against an evil man of a human being trying to save the lives of other human beings of a light shining in the darkness John Cardinal O'Connor 1920-2000 Archbishop of New York from the Foreword to the first edition I have read many books on Pius XII and this is by far the most dispassionate in laying out the context relevant facts accusations and evidence pro and con The book is highly engaging because it is filled with so many little known facts The research has been prodigious Yet the presentation is as down to earth as it would have to be in a courtroom This is a wonderfully realistic book Michael Novak George Frederick Jewett Scholar in Religion Philosophy and Public Policy American Enterprise Institute

Hitler, the War, and the Pope Ronald J. Rychlak, 2000 Perhaps no modern day leader of the Catholic Church has sparked as much controversy as Pope Pius XII the bishop of Rome during World War II Was he a Nazi sympathizer Or did he vehemently oppose Hitler's regime The conflicting opinions about Pius XII's wartime performance indicate not only the complexities of the man the former Cardinal Eugenio Pacelli but also the difficulty in understanding the Hitler era and the inherent conflict between political posturing and pastoral actions *Bernhard*

Lichtenberg Brenda L. Gaydosh, 2017-07-06 Bernhard Lichtenberg Roman Catholic Priest and Martyr of the Nazi Regime is the definitive English biography of the martyred Nazi era Berlin provost Bernhard Lichtenberg This work presents a broad overview of Bernhard Lichtenberg s life 1875 1943 in the context of history It discusses the areas of his life that had the greatest impact on how he dealt with situations during the Second Empire the Weimar Republic and the Third Reich and it gives a detailed account of his resistance to the Nazis and his imprisonment and death Appendices present a wealth of primary sources on Lichtenberg s life including a collection of his letters from prison which have not previously been made available in English

Resisting the Third Reich Kevin P. Spicer, 2004 Spicer juxtaposes Catholicism and Nazism to provide a clear balanced understanding of the challenges the clergy faced simply by celebrating the sacraments and teaching the faithful By following individual priests in their day to day ministries he documents how effectively they guarded their flock from a predatory ideology Along the way he highlights the leadership of Bishop Konrad von Preysing of Berlin who enabled the diocesan clergy to speak out against Nazi violations of Catholic doctrine and practice and Monsignor Bernhard Lichtenberg who was sentenced to prison for publicly praying for Jews and other victims of Nazi oppression
