unpacks how these needs and fears were conditioned by the divergent cultures ideologies and historical experiences of the two principal contestants and their allies Covering the years 1945 1990 this second edition uses recent scholarship and newly available documents to offer a fuller analysis of the Vietnam War the changing global politics of the 1970s and the end of the Cold War ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable
