**The Pretender of Pitcairn Island** Tillman W. Nechtman,2018-09-13 Pitcairn a tiny Pacific island that was refuge to the mutineers of HMAV Bounty and home to their descendants later became the stage on which one imposter played out his influential vision for British control over the nineteenth century Pacific Ocean Joshua W Hill arrived on Pitcairn in 1832 and began his fraudulent half decade rule that has until now been swept aside as an idiosyncratic moment in the larger saga of Fletcher Christian's mutiny against Captain Bligh and the mutineers unlikely settlement of Pitcairn Here Hill is shown instead as someone alert to the full scope and power of the British Empire to the geopolitics of international imperial competition to the ins and outs of naval command the vicissitudes of court politics and as such to Pitcairn's symbolic power for the British Empire more broadly

Douglas L. Oliver,1991-09 Bougainville is seldom out of the news yet how much do the press the financial and mining world and the politicians understand events on that island The Pacific's most damaging independence movement seems to operate amid claims and counter claims internal rivalry and a fog of deception What do the BRA really want More importantly what do the islanders really want It is more than fifty years since Emeritus Professor Douglas Oliver began his fieldwork among the people of southern Bougainville His periodic returns from Harvard and Hawaii and his work elsewhere in the Pacific provide an unequalled base for explaining the continuities and complexity of Bougainvillean realities His approach is that of the anthropologist examining today's events against a background of the peoples diverse cultures and history past emnity and mutual dependence Oliver distinguishes present fact from present disinformation As has not been done before he shows how the unintended consequences of past good intentions by politicians bureaucrats missionaries miner and Big Men have contributed to the current impasse Will the current division between Bougainvilleans be sobering model or seductive example for other parts of Papua New Guinea Is over population long term a much graver problem than the bitter present struggle over the fruits of mineral development Black Islanders sheds much light on a struggle which is crucial to the future of Papua New Guinea and perhaps other countries in the region It is compulsory reading for politicians newsmen academics

members of the general public all those who are concerned about the fate of Bougainville      **LC Science Tracer Bullet**  
,1972      *Navigation* ,2005      The Publishers Weekly ,1994      **Embattled Island** Arnold Leibowitz,1996-02-16 The compact took on enormous symbolic importance throughout the world because of a provision in the Palau Constitution that Palau could not grant the U S nuclear rights without the approval of 75% of the people of Palau A number of groups fought against ratification of the compact by Palau They viewed Palau as the symbol of a nuclear free Pacific and the hope for an environmental preserve against great power imperialism and military intrusion in the Pacific      **Uncommon Sense** Anthony F. Aveni,2006 In Uncommon Sense Aveni explores the common and conflicting ways that ancient and contemporary societies have searched for the literal truth about the natural world s mysteries from dinosaur bones to the Star of Bethlehem Aveni demonstrates that a society s approach to making sense of the natural world can serve as a working definition of its culture so strongly does it resonate with fundamental values and assumptions      **Pacific Studies** ,1995      **Pacific Studies : a Journal Devoted to the Study of the Pacific-its Islands and Adjacent Countries** ,1994      Paradise Found and Lost
