Apple Music Usa Tutorial:

"This Is America" Katie Rios, 2021-06-10 In *This Is America Race Gender and Politics in America's Musical Landscape* Katie Rios argues that prominent American artists and musicians build encoded gestures of resistance into their works and challenge the status quo. These artists offer both an interpretation and a critique of what *This Is America* means. Using Childish Gambino's video for *This Is America* as a starting point, Rios considers how elements including clothing, hairstyles, body movements, gaze, lighting effects, distortion, and word play symbolize American dissonance. From Laurie Anderson's presence in challenging authority and playing with traditional gender roles in her works to the Black female feminism and social activism of Beyoncé, Rhiannon Giddens, and Janelle Monáe to hip hop as resistance in the age of Trump to sonic and visual variety in *Hamilton*, the subjects are as powerful as they are topical. Rios explores the ways in which artists relate to and represent underrepresented groups, especially groups that are not traditionally perceived as having a majority voice. The encoded resistances recur across performances and video recordings so that they begin to become recognizable as repeated acts of resistance directed at injustices based on a number of categories including race, gender, class, religion, and politics.

American Rap Scenes Lavar Pope, 2025-05-01 *American Rap Scenes* examines the history and legacy of rap music in 25 American cities through factors of geography, migration, movements, music, and technology. Providing area-centered analysis of a culture many see as monolithic, Lavar Pope highlights the unique histories of rap music and Hip Hop culture, how and why these scenes developed in 25 mid-size and major cities across the country. More so than other genres of music, rap offers a historical record of a multigenerational Black music that is region- and locale-specific and opens a window into the Black experience in America. Highlighting global stars and key local artists alike, *American Rap Scenes* features artists contextualized within their city of
