He has written several books in the In 30 Minutes series, including: Dropbox In 30 Minutes, Twitter In 30 Minutes, and Excel Basics In 30 Minutes. Here's what readers are saying about Google Drive and Docs In 30 Minutes: I am so glad this was made. I've been using Google Docs for a while now and have been encouraging my teacher colleagues to do so as well to facilitate collaboration. It has become my go to text book to help new users understand quickly. If you're new to Google Drive or Google Documents, this will help you. If you're experienced and want something to help those who come to you with questions, this is a nice tool to help them remember what you show them. I highly recommend it. I just got a new position that requires record keeping. Having used Google Docs in the past, I decided to update my knowledge. I googled Docs for dummies and this was one of the results. I liked the concept that the title implies: a concise guide that will distill what I need and allow me to complete a task quickly. A clear and concise explanation of how to navigate your way through Google Docs. Excellent introduction to Google Drive. Well researched, easy to read, nicely organized.

**Trading With Chart Pattern And Price Action Breakout** Mahesh Chandra Kaushik, 2025-03-04

Everything depends on your ability to identify a stock based on its price movement before it makes a 5, 10, 15, 20% move whether it is about to rise or fall. This is called Price Action Movement. Just like how before sunrise the darkness of the night begins to fade and a reddish hue spreads across the sky signalling the arrival of the sun, price action gives early indications of a stock's movement. However, in today's world, constant exposure to short video reels and statuses has reduced people's ability to focus. Many now struggle to read even for 30 seconds without skipping ahead, hoping to find a quick shortcut to mastering trading. Consider it a sacred

opportunity that this book has reached your hands Do not treat it as just another book instead read it with complete faith and respect absorbing each page carefully Even if you read just one or two pages daily ensure that you fully understand and internalise the concepts before moving forward This is not just a book it is a practical and authentic guide that reveals the secrets of success in the stock market **Independent and Weekly Review**,1917 **New Zealand Farmer Weekly**,1913
