Tajweed Haq Part 3 Only Haque, 2018-08-30 Two skills are required to learn Tajweed. The ability to identify the rule correctly and then to pronounce the rule correctly. This book focuses on the acquisition of these two skills. It talks about the rules very briefly while it focuses on activities using hundreds of examples throughout the book. Students like to do different activities and this book tries to facilitate this so learners can cumulatively grasp the same rule through multiple tasks. I hope adults and children can both benefit from this book and have tried to structure it to fit into a constructive syllabus spread over a period of time based on the learners at hand. This book works best when studied with a person who is learned on the subject of Tajweed so they can provide feedback after an assessment as the main skill is to learn the correct articulation of the sound.
