**Tale of Boiarynia Morozova** Margaret Ziolkowski,2000-01-01 Margaret Ziolkowski's book comprises a thorough introduction to skillful translation of and erudite commentary on the four hundred year old Tale of Boiarynia Morozova. The story of Feodosia Morozova a member of the Russian aristocratic elite and a major participant in the Russian Orthodox Schism describes one of the most violent ruptures in religious history the complete destabilization of the bastions of church and society in seventeenth century Russia. In her explication of this famous text Ziolkowski examines the hagiography of the Tale the spiritual asceticism of Morozova in the context of Christian women's struggles for independence and the role this prominent female dissident has played as a symbol of resistance to corrupt authority. This work makes a significant contribution to the history of the Orthodox Church pre Petrine Russia women in religion and the study of medieval Russian literature.

**Old Believers in a Changing World** Robert Crummey,2011-04-26 This important collection of essays by a pioneer in the field focuses on the history and culture of a conservative religious tradition whose adherents have fought to preserve their beliefs and practices from the seventeenth century through today. Old Belief had its origins in a protest against liturgical reforms in the Russian Orthodox Church in the mid 1600s and quickly grew into a complex torrent of opposition to the Russian state the official church and the social hierarchy. For Old Believers periods of full religious freedom have been very brief from 1905 to 1917 and since the fall of the Soviet Union Crummey examines the ways in which Old Believers defend their core beliefs and practices and adjust their polemical strategies and way of life in response to the changing world. Opening chapters survey the historiography of Old Belief examine the methodological problems in studying the movement as a Russian example of popular religion and outline the first decades of the history. Particular themes of Old Believer history are the focus of the rest of the book beginning with two sets of case studies of spirituality culture and intellectual life. Subsequent chapters analyze the diverse structures of Old Believer communities and their fate in times of persecution. A final essay examines publications of contemporary scholars in Novosibirsk whose work provides glimpses of the life of traditional believers in the Soviet period. Old Believers in a Changing World will appeal to scholars and students of Russian history to those interested in Eastern Orthodoxy and to those with an interest in the comparative history of religious movements.
