When there is a need for an operator or helper to work on the rig in the working area or danger zone and this involves activation of one or several machine functions such work shall only be done under the following conditions:

- there shall always be two people present, both being fully instructed on the safety issues. One of them shall supervise, from the main operator's position, the safety of the service man doing the work.
- the supervisor shall have immediate access to an emergency stop in all situations.
- the area where the service work is to be carried out shall be properly illuminated.
- communication between the service man and supervisor at the main operator's position shall be established in a reliable manner.
- only when the drill rig is shut down completely and the means of starting are isolated is a person allowed to perform repair and maintenance work alone on the drill rig.
