VOCABULARY BINGO

What a fun way to reinforce the language of literature! This activity will have students actively thinking about and discussing the words Gary Soto used to bring the characters in *Taking Sides* to life.

Because students only have to recognize the terms, not generate them, this activity is ideal for discussing both new and familiar vocabulary.

30 different game boards are included, allowing either small group or whole class participation.

The special calling cards, featuring fold over flaps to hide the answers, give you the option of using them in centers - small groups of students can play independently without a bingo caller.

The 8-12 age range marks a critical window of time in the social and emotional development of kids, one in which adults are still highly influential. The 8 Keys to End Bullying Activity Book Companion Guide for Parents Educators enhances the role of parents and educators in helping young people navigate challenging social dynamics and overcome bullying. As a leader's manual for The 8 Keys to End Bullying Activity Book for Kids Tweens, it provides helpful guidelines and vital background information for leading kids and students through each of the activities and lessons. Organized around the groundbreaking principles of 8 Keys to End Bullying, the two-book 8 Keys to End Bullying Activity Program for Kids Tweens builds key social-emotional skills in readers ages 8-12, empowering them to cope with conflict and end bullying in their communities and schools. Younger kids can complete the activities with a parent or teacher's guidance, while older kids can complete the activities independently. These simple activities cultivate 1) assertiveness, emotion management and friendship skills in kids vulnerable to bullying; 2) problem-solving skills for kids who witness bullying; and 3) empathy and kindness skills in kids who are likely to bully their peers. Books are available individually or as a set.

Taking Sides James Wm Noll, 2007 This is a debate style reader designed to introduce students to controversies in education. The readings, which represent the arguments of leading educators and social commentators, reflect opposing positions and have been selected for their liveliness and substance and because of their value in a debate framework. For each issue, the editor provides a concise introduction and postscript summary. The introduction sets the stage for the debate as it is argued in the "yes" and "no" readings. The postscript briefly reviews the opposing opinions and suggests additional readings on the controversial issue under discussion. Back cover.
