fundamentally on the strategy for achieving it Whilst jihadism is committed to the idea of a violent Islamic world revolution institutional Islamism embraces political institutions as a means to an end Turning to the events of the Arab Spring in Tunisia Libya and Egypt this book attempts to determine whether an abandonment of violence is enough to underpin a shift to genuine democracy Analysing the fall of Morsi in particular Tibi questions what lessons can be learnt from his presidency and argues that this event will not change the overall trend of development from jihadism to institutional Islamism A timely addition to existing literature this book will be of interest to students and scholars studying Middle Eastern and European Politics Political Islam and International Relations
