**Reforming Philosophy** Laura J. Snyder, 2010-11-15 The Victorian period in Britain was an age of reform It is therefore not surprising that two of the era's most eminent intellects described themselves as reformers Both William Whewell and John Stuart Mill believed that by reforming philosophy including the philosophy of science they could effect social and political change But their divergent visions of this societal transformation led to a sustained and spirited controversy that covered morality politics science and economics Situating their debate within the larger context of Victorian society and its concerns *Reforming Philosophy* shows how two very different men captured the intellectual spirit of the day and engaged the attention of other scientists and philosophers including the young Charles Darwin Mill philosopher political economist and Parliamentarian remains a canonical author of Anglo American philosophy while Whewell Anglican cleric scientist and educator is now often overlooked though in his day he was renowned as an authority on science Placing their teachings in their proper intellectual cultural and argumentative spheres Laura Snyder revises the standard views of these two important Victorian figures showing that both men's concerns remain relevant today A philosophically and historically sensitive account of the engagement of the major protagonists of Victorian British philosophy *Reforming Philosophy* is the first book length examination of the dispute between Mill and Whewell in its entirety A rich and nuanced understanding of the intellectual spirit of Victorian Britain it will be welcomed by philosophers and historians of science scholars of Victorian studies and students of the history of philosophy and political economy

*The Shakespeare Wars* Ron Rosenbaum, 2011-11-09 Ron Rosenbaum is one of the most original journalists and writers of our time David Remnick In *The Shakespeare Wars* Ron Rosenbaum gives readers an unforgettable way of rethinking the greatest works of the human imagination As he did in his groundbreaking *Explaining Hitler* he shakes up much that we thought we understood about a vital subject and renews our sense of excitement and urgency He gives us a Shakespeare book like no other Rather than raking over worn out fragments of biography Rosenbaum focuses on cutting edge controversies about the true source of Shakespeare's enchantment and

illumination the astonishing language itself How best to unlock the secrets of its spell With quicksilver wit and provocative insight Rosenbaum takes readers into the midst of fierce battles among the most brilliant Shakespearean scholars and directors over just how to delve deeper into the Shakespearean experience deeper into the mind of Shakespeare Was Shakespeare the one draft wonder of Shakespeare in Love Or was he rather as an embattled faction of textual scholars now argues a different kind of writer entirely a conscientious reviser of his greatest plays Must we then revise our way of reading staging and interpreting such works as Hamlet and King Lear Rosenbaum pursues key partisans in these debates from the high tables of Oxford to a Krispy Kreme doughnut shop in a strip mall in the Deep South He makes ostensibly arcane textual scholarship intensely seductive and sometimes even explicitly sexual At an academic Pleasure Seminar in Bermuda for instance he examines one scholar s quest to find an orgasm in Romeo and Juliet Rosenbaum shows us great directors as Shakespearean scholars in their own right We hear Peter Brook perhaps the most influential Shakespearean director of the past century disclose his quest for a secret play hidden within the Bard s comedies and dramas We listen to Sir Peter Hall founder of the Royal Shakespeare Company as he launches into an impassioned table pounding fury while discussing how the means of unleashing the full intensity of Shakespeare s language has been lost and how to restore it Rosenbaum s hilarious inside account of the Great Shakespeare Funeral Elegy Fiasco a man versus computer clash illustrates the iconic struggle to define what is and isn t Shakespearean And he demonstrates the way Shakespearean scholars such as Harold Bloom can become great Shakespearean characters in their own right The Shakespeare Wars offers a thrilling opportunity to engage with Shakespeare s work at its deepest levels Like Explaining Hitler this book is destined to revolutionize the way we think about one of the overwhelming obsessions of our time
