The Subtle Ruse:

The Subtle Ruse ,1976 Subtle Ruse ,1988-03-01 **Lesbian Rule** Amy Villarejo,2003-11-05 A theory driven study of the invisibility of lesbians in post WW2 American culture Agitating Images Craig Campbell,2014-09-01 Following the socialist revolution a colossal shift in everyday realities began in the 1920s and 30s in the former Russian empire Faced with the Siberian North a vast territory considered culturally and technologically backward by the revolutionary government the Soviets confidently undertook the project of reshaping the ordinary lives of the indigenous peoples in order to fold them into the Soviet state In Agitating Images Craig Campbell draws a rich and unsettling cultural portrait of the encounter between indigenous Siberians and Russian communists and reveals how photographs from this period complicate our understanding of this history Agitating Images provides a glimpse into the first moments of cultural engineering in remote areas of Soviet Siberia The territories were perceived by outsiders to be on the margins of civilization replete with shamanic rituals and inhabited by exiles criminals and primitive indigenous peoples The Soviets hoped to permanently transform the mythologized landscape by establishing socialist utopian developments designed to incorporate minority cultures into the communist state This book delves deep into photographic archives from these Soviet programs but rather than using the photographs to complement an official history Campbell presents them as anti illustrations or intrusions that confound simple narratives of Soviet bureaucracy and power Meant to agitate these images offer critiques that cannot be explained in text alone and in turn put into question the nature of photographs as historical artifacts An innovative approach to challenging historical interpretation Agitating Images demonstrates how photographs go against accepted premises of Soviet Siberia All photographs Campbell argues communicate in unique ways that present new and even contrary possibilities to the text they illustrate Ultimately Agitating Images dissects our very understanding of the production of historical knowledge The Wiles of Women/The Wiles of Men Shalom Goldman,2016-03-22 One of the world s oldest recorded folktales tells the story of a handsome young man and the older woman in whose house he resides Overcome by her feelings for him the woman attempts to seduce him When he turns her down she is enraged and to her husband she accuses the young man of attacking her The husband seemingly convinced of his wife s innocence has the young man punished But it is precisely that punishment that leads to the hero s vindication and eventual rise to power and prominence In the West we know this tale classified in folklore as the Potiphar s Wife motif from its vivid narration in the Hebrew Bible But as Shalom Goldman demonstrates in this book the Bible s is only one telling of a story that appears in the scriptures and folklore of many peoples and cultures in many different eras including ancient Egypt classical Greece and ancient Mesopotamia as well as post Biblical Jewish literature the Qur an and Inuit culture Goldman compares and contrasts the treatment of this motif especially in the literature and lore of the ancient Near East Biblical Israel and early Islam at the same time touching on gender issues the status of women in Middle Eastern societies and the varying constructions of male female relationships and the vexed
