The Defence Of Calais:

The Defence of Calais Eric Linklater, 2014-07-31 It is a tale of defeat but when defeat is characterised by valour of a certain pitch and quality its memory may outlast a tale of victory And like the Burghers who came with ropes about their necks to offer their lives that a whole people might be spared the men who fought at Calais and helped to save a British army will surely be remembered In the introduction to *The Defence of Calais* Eric Linklater called it an interim report a half told tale This report first published in 1942 as part of *The Army at War* Series is comprised of the information Linklater gathered from the surviving officers and soldiers who took part in the battle The Siege of Calais 1940 and its aftermath was for many years a subject of a heated debate over its importance in saving the British Expeditionary Force from capture Linklater's account of the actual military decisions and actions that followed written freshly after the events gives an insightful perspective to that discussion *The Defence of Calais* Eric Linklater, 1941 *The Defence of Calais*, 22 - 27 June 1940

Eric Linklater, Military Library Research Service (Firm), 2004-01-01 *Surviving the Nazi Onslaught* Carole McEntee-Taylor, 2014-07-02 Ted Taylor 1st Battalion The Rifle Brigade was sent to France in May 1940 as part of Calais Force Initially sent to open up supply lines to the rapidly retreating BEF they soon found themselves defending Calais against the might of the 10th Panzer Division Outnumbered by at least three to one they held out for 4 days until they ran out of ammunition and were forced to surrender For the next five years Ted found himself part of the huge slave labour force in Poland under the administration of Stalag XXA and Stalag XXB Life in the POW camps bore little resemblance to the cheerful films of the 1950s with casual brutality never far from the surface As 1945 began and the war entered its final bloody phase the POWs dared to believe that at last they might be going home But fate had one more cruel trick to play As the Russians approached rapidly from the east the terrified Germans evacuated the camps and in temperatures below 25c began marching the malnourished poorly clothed POWs back across Europe The infamous death marches to freedom across the frozen chaotic war ravaged landscape of Eastern Europe had begun *The Army at War* Great Britain. War Office, Eric Linklater, 1941

Flames of Calais Airey Neave, 2003-02-11 The defence of Calais in May June 1940 was a superb example of selfless courage and sacrifice Sent by Churchill to divert the Germans from Dunkirk and so save the British Army 30 Infantry Brigade had orders not to evacuate or surrender Airey Neave later to be Margaret Thatcher's right hand man until his assassination in 1979 was one of those who fought was wounded and captured there and his account remains the classic *The Later Medieval Inquisitions Post Mortem* Michael Hicks, 2016 Essays exploring the potential of the Inquisitions post mortem to shed important new light on the medieval world *London and the Kingdom* Reginald R. Sharpe, 1894 **Acts of the Privy Council of England. New Series** Great Britain. Privy Council, 1893 *London and the Kingdom* Sharpe, 1894 [English history for the use of public schools. \[5 pt. Period 1 is of the 4th ed.\].](#) James Franck Bright, 1887 *Social Attitudes and Political Structures in the Fifteenth Century* Tim Thornton, 2001-02-13 This volume includes papers on political religious

social and economic history and the history of ideas during the 15th century The papers challenge existing conceptions and open new avenues of discussion on longstanding debates Themes covered include parliaments and their relationships with the monarchs of the period both in Scotland and in England queens and their role in the 15th century English polity the ideas that lay behind the English claims to the French throne and the rituals of peace making in the Hundred Years War Debates over the importance of lordship and service are also touched upon in a paper which examines Lord Hastings retainers in the defence of Calais while another chapter discusses the local politics of a small Welsh marcher lordship The crucial subject of Lancastrian government finances in the 1450s also receives a fresh examination In religious history papers examine the activity of monastic propagandists and the religious life of cathedrals through the activity of fraternities based in them There are also considerations of a noble widow and of the 15th century rural economy
