The Digital Invasion How Technology Is Shaping You And Your Relationships:

The Digital Invasion Dr. Archibald D. Hart, Dr. Sylvia Hart Frejd, 2013-07-01 In the world of technology there are just two kinds of people digital natives and digital immigrants Digital natives are those born after the advent of the internet They are comfortable with swift technological change and take the presence of technology in their lives almost completely for granted They have digital DNA flowing through their bodies On the other hand digital immigrants are those born before the advent of the internet Their comfort level with our technology soaked world is more variable But they are affected by the digital invasion just as much as their native children With the latest research supporting them Dr Archibald Hart and Dr Sylvia Hart Frejd uncover both the subtle and the dramatic ways digital technology is changing us from within focusing their expos on the impact on the spiritual life of individuals Through insights from neuroscience and psychology they offer readers therapeutic and biblical strategies for handling the digital invasion in order to become good stewards of their digital lives Parents educators students counselors and pastors will especially appreciate this cultural wake up call [Digital Invasion](#) Archibald D. information has changed dramatically from newspapers and radio and a few nightly news programs to constant news online. We have made our lives available to the world in tweetable moments. As much as we try to stop consuming the vast amounts of info coming at us, we wrestle against a paranoia of missing out on important information or being out of the loop on something. How can we rest from information? take a Sabbath for our technology or information use? How does this help us to become the right kind of factivist? The onus is more and more on us to find the truth and to be aware of our own biases in what we share and don't. Join Jun Young, an award-winning entrepreneur and communications strategist, and David Kinnaman, the President of Barna Group, in this Barna Frame as they wrestle through what our responsibility looks like in how we read and disseminate information.

Digital Inferno Levy, Paul, 2014-10-13. How many times do you check something on the internet but find you are drifting aimlessly from one link to another? If you can't not answer the phone when it rings and you spend hours a week on social media and you read your texts instead of kissing your loved one goodnight and you don't give your kids proper attention because you just have to prioritize new responses to your tweet, then this book is for you. The digital world is spreading like an inferno, a swirling hot storm of change, possibility, addiction, passion, manipulation, creativity, and abuse. It demands our attention and encourages us to be always on with its constant updates and feedback. It is exciting but it can also be overwhelming. And it's developing faster than our ability to deal with it. To adherents of digital living and working, any criticism is uncool, a sign of being out of touch. Refreshingly, *Digital Inferno* is neither simple indictment nor unqualified endorsement. Rather, it's about holding your own in the digital realm, adapting in a healthy way to the new reality. It offers a conscious path that allows you to derive the benefits you need but also to manage the dangers. Packed with a wealth of practical advice, *Digital Inferno* describes numerous methods to enable you to step back from constant digital activity and virtual living and to pay more attention to the real world. You'll find exercises to overcome tiredness from digital contact and to develop skills to enable you to remain awake and aware. Crucially, you will be master of the digital realm to abstain from contact when you need to but also freely to immerse yourself when you choose to. We don't need to shun new technology but we do need to be armed with an understanding of its challenges, problems, and limitations. This book provides the tools you will need to meet the future consciously.
