Mental Fitness Paul Wood, 2021-06-01 The bestselling author of How to Escape from Prison prisoner turned psychologist Paul Wood on developing the mental strength and fitness to take on all of life's challenges Getting and staying mentally fit just like getting and maintaining a high level of physical fitness involves hard work effort and consistency Our level of mental fitness determines how effectively we can flourish through adversity realise our potential and be happier with our lives regardless of what the universe has in store We all know about mental stress or we think we do We've definitely all experienced it and none of us like it Yet this is not a threat to be avoided Mental stress is perfectly analogous to physical stress it is the mind's way of telling us that what we are attempting to perform is challenging our resource This is a catalyst for growth and a sign we are pursuing our potential When we experience stress we have a choice we can heed that signal and give up after all we're meant to stay in our psychic comfort zone all the time right Or we can recognise the discomfort we are feeling is simply nature's way of enabling us to rise to the occasion In Mental Fitness you will learn how to Increase your mental fitness just as you would increase your physical fitness Get closer to your potential by working proactively to maintain your mental fitness Experience the right level of stress this is what makes us get fitter Cope effectively for longer before you get fatigued or exhausted it doesn't mean you don't feel the struggle Pay attention to the indicators of fatigue to avoid burnout and unnecessary misery
