*What Led to the Discovery of the Source of the Nile* John Hanning Speke, 2022-09-04 In *What Led to the Discovery of the Source of the Nile* John Hanning Speke presents a detailed account of his explorations in East Africa culminating in his contentious claim to have located the Nile's source at Lake Victoria. Written in a vivid narrative style that blends scientific observation with personal reflection, the book captures the complexities of 19th-century exploration, including the intersections of geography, politics, and cultural encounters. Speke's meticulous documentation of his journeys serves as both an adventure tale and an ethnographic study, providing insights into the landscapes and peoples he encountered while grappling with the scientific fervor of the era. John Hanning Speke (1827-1864) was a British explorer driven by an insatiable curiosity and a desire to contribute to the age of discovery. His experiences in India and subsequent fascination with African geography fueled his ambition to locate the Nile's source. Speke's pioneering paths were marked by challenges, rivalries, and the weight of imperial expectation, which shaped his narrative as he sought not only geographical truths but also personal recognition. This book is essential for readers interested in exploration, colonial history, and the fervent spirit of inquiry that characterized the Victorian era. Speke's work invites reflection on the interplay between reality and myth in the quest for knowledge, making it a compelling read for historians, adventurers, and literary enthusiasts alike.

**Journal of the Discovery of the Source of the Nile**, 1908 **Journal of the Discovery of the Source of the Nile** John Hanning Speke, 2007-01-16 This classic book is Speke's firsthand account of his second expedition, an exciting blend of adventure, exploration, and geographic and ethnographic data. The book begins with the expedition's preparations, departure from London, and arrival at Zanzibar in 1859. They then undertake the hazardous march into the interior, encountering hostile tribes, dangerous animals, thieves, and other difficulties, arriving eventually at the palace of King Mtesa in Uganda. Speke paints a vivid portrait of life at the court of this willful and arbitrary ruler, who had his subjects executed for the most trifling offenses. Eventually, the party moved on, reached the Nile, and ascended the river to its source at Lake Victoria Nyanza. Speke marked the river's exit from the lake at a place he named Ripon Falls. After many further adventures, Speke and Grant arrived at Gondokoro, where Speke found a letter informing him that he had been awarded a medal by the Royal Geographical Society for his original 1858 discovery of Lake Victoria Nyanza. While Speke's narrative offers a vivid account of the many

hardships faced and overcome in the course of the journey it also provides a wealth of information on African flora and fauna indigenous peoples local politics and customs scenery geology and much more Enhanced with a map and over 70 illustrations the Journal will appeal to any reader who enjoys firsthand accounts by the great explorers of adventures and accomplishments in far off lands [The Discovery of the Source of the Nile \(Esprios Classics\)](#) John Hanning
