The Dynamics Of Democratization Dictatorship Development And Diffusion:

The Dynamics of Democratization Nathan J. Brown, 2011-07-01 The explosive spread of democracy has radically transformed the international political landscape and captured the attention of academics policy makers and activists alike. With interest in democratization still growing Nathan J Brown and other leading political scientists assess the current state of the field reflecting on the causes and diffusion of democracy over the past two decades. The volume focuses on three issues very much at the heart of discussions about democracy today: dictatorship development and diffusion. The essays first explore the surprising but necessary relationship between democracy and authoritarianism; they next analyze the introduction of democracy in developing countries; last, they examine how international factors affect the democratization process. In exploring these key issues the contributors ask themselves three questions: What causes a democracy to emerge and succeed? Does democracy make things better? Can democracy be successfully promoted? In contemplating these questions, *The Dynamics of Democratization* offers a frank and critical assessment of the field for students and scholars of comparative politics and the political economy of development.

Contributors: Gregg A. Brazinsky, George Washington University; Nathan J. Brown, George Washington University; Kathleen Bruhn, University of California at Santa Barbara; Valerie J. Bunce, Cornell University; Jos Antonio Cheibub, University of Illinois at Urbana-Champaign; Bruce J. Dickson, George Washington University; M. Steven Fish, University of California at Berkeley; John Gerring, Boston University; Henry E. Hale, George Washington University; Susan D. Hyde, Yale University; Craig M. Kauffman, George Washington University; Staffan I. Lindberg, University of Florida; Sara Meerow, University of Amsterdam; James Raymond Vreeland, Georgetown University; Sharon L. Wolchik, George Washington University.

The Wiley Blackwell Companion to Social Movements David A. Snow, Sarah A. Soule, Hanspeter Kriesi, Holly J. McCommon, 2023-01-04 The most up to date and thorough compendium of scholarship on social movements. This second edition of *The Wiley Blackwell Companion to Social Movements* features forty original essays from the field. With contributions from both established and ascendant scholars, the Companion seeks to present current research on social movements in all its diversity. It is the most up to date comprehensive volume of social science research on social movements available today. The essays address facilitative and constraining contexts and conditions, social movement organizations, fields and dynamics, strategies and tactics, micro structural and social psychological dimensions of participation, consequences and outcomes, and various thematic intersections including the intersection of social movements and social class, gender, race and ethnicity, religion, human rights, globalization, political extremism, and more. Offers an illuminating guide to understanding the dynamics and operation of social movements within the modern global world. Covers a diverse range of topics in the field of social movement studies. Offers original state of the art essays by internationally recognized scholars. *The Wiley Blackwell Companion to Social Movements* is recommended for graduate seminars on social movement and for scholars of social movements worldwide. It is also an excellent text for college and university libraries, especially with graduate programs in the

social sciences Democratization in the Arab World Laurel E. Miller, Jeffrey Martini, F. Stephen Larrabee, Angel Rabasa, Stephanie Pezard, 2012-07-18 Daunting challenges lie ahead for Arab countries where revolutions have upended longstanding authoritarian regimes. This monograph aims to help policymakers understand the challenges ahead from well founded expectations shape diplomatic approaches and take practical steps to foster positive change **Muslim**

Democracy Edward Schneier, 2015-10-23 Muslim Democracy explores the relationship between politics and religion in forty seven Muslim majority countries focusing especially on those with democratic experience such as Indonesia and Turkey and drawing comparisons with their regional non Islamic counterparts. Unlike most studies of political Islam this is a politically focused book more concerned with governing realities than ideology. By changing the terms of the debate from theology to politics and including the full complement of Islamic countries Schneier shows that the boundaries between church and state in the Islamic world are more variable and diverse than is commonly assumed. Through case studies and statistical comparisons between Muslim majority countries and their regional counterparts Muslim Democracy shows that countries with different religions but similar histories are not markedly different in their levels of democratization. What many Islamists and western observers call Islamic law moreover is more a political than a religious construct with religion more the tool than the engine of politics. Women who drive in Saudi Arabia as the author says are not warned they will go to hell but that they will go to jail. With the political salience of religion rising in many countries this book is essential reading for students of comparative politics, religion and democratization interested in exploring the shifting boundaries between faith and politics.

Youth Movements and Elections in Eastern Europe Olena Nikolayenko, 2017-10-12 This book examines a dramatic rise of nonviolent youth movements on the eve of national elections in Eastern Europe **Making Democratic Governance Work** Pippa Norris, 2012-08-27 Is democratic governance good for economic prosperity? Does it accelerate progress towards social welfare and human development? Does it generate a peace dividend and reduce conflict at home? Within the international community democracy and governance are widely advocated as intrinsically desirable goals. Nevertheless alternative schools of thought dispute their consequences and the most effective strategy for achieving critical developmental objectives. This book argues that both liberal democracy and state capacity need to be strengthened to ensure effective development within the constraints posed by structural conditions. Liberal democracy allows citizens to express their demands, hold public officials to account and rid themselves of ineffective leaders. Yet rising public demands that cannot be met by the state generate disillusionment with incumbent officeholders, the regime or ultimately the promise of liberal democracy ideals. Thus governance capacity also plays a vital role in advancing human security, enabling states to respond effectively to citizens' demands. *Post-Communist Transitional Justice* Lavinia Stan, Nadya Nedelsky, 2015-02-26 Explores how the former communist regimes of Central and Eastern Europe have grappled with the serious human rights violations of past regimes.

Diffusion of Democracy Barbara Wejnert, 2014-01-09 This study of democratization since 1800 provides new data to

explore the relationship between socioeconomic development and democracy over the last 200 years Barbara Wejnert examines both countries and regions and argues that the role of diffusion mechanisms as opposed to internal factors is especially significant as are regional effects **Codesria Bulletin** ,1992 **Transdex Index** ,1990 An index to translations issued by the United States Joint Publications Research Service JPRS Index de Périodiques Canadiens ,2001

Sociological Abstracts Leo P. Chall,2003 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers **Concentration of Economic Power in India** Sohan Raj Mohnot,1962

abstracts in anthropology ,2000 **Index to Theses with Abstracts Accepted for Higher Degrees by the Universities of Great Britain and Ireland and the Council for National Academic Awards** ,2003 Theses on any subject submitted by the academic libraries in the UK and Ireland The Dynamics of Democratization Geoffrey Pridham,2000-01-01 A systematic comparison of three sets of democratization cases in Europe since 1945 post war Italy and West Germany Southern Europe from the mid 1970s and Central and Eastern Europe in the 1990s this book highlights diversities of the historical context political experience democratic traditions economic development and cultural background Pridham views the democratization process as a whole not just as either democratic transition or subsequent regime consolidation as is the case with much of the literature on this subject and while his major concern is political regime change other forms of transformation such as economic or state building are included where these are especially important He uses the rich diversity of the European experience in this area to apply an interactive dynamics theory of democratization and proposes this as a means of overcoming the deficiencies of existing theories which have proved inadequate for explaining the ongoing democratization and transformation processes in Central and Eastern Europe in particular **Dynamics of Democratization** Graeme Gill,2000-04-13 The author assesses the main theories developed to account for and explain why and how authoritarian regimes give way to democratic ones The book takes issue with the predominantly lite centred focus of much of the literature and illustrates how an understanding of democratization can be gained only if the role of civil society is taken into account **Democratization** David S. Potter,David Goldblatt,Margaret Kiloh,Paul Lewis,1997-04-21 In 1760 no polity in the world was democratic in any way we would now recognize In 1995 there were democratic states on every continent and in every region The struggle to create sustain and entrench democratic political systems is one of the central narratives of modernity Democratization is the first textbook comprehensively to survey explore and engage with this story In Part I the introduction to the book as a whole an overview and elaboration is offered of the key explanatory models of democratization this section also refines the description of a regime s democratic status and explores the models and strategies of comparative analysis used in the book While each of the subsequent twenty chapters can stand on their own

they have all been framed by a shared engagement with and discussion of the dynamics of democratization set out here Part II surveys the course of democratization in the West from 1760 to 1989 examining both the early breakthroughs of the French and American Revolutions and the inter war crisis of European democracy The post war era is covered by discussions of the impact of World War II the democratic revolutions in Southern Europe and the struggle of the American Civil Rights movement Part III examines the experience of Latin America and Asia The Latin American case is covered in two chapters stretching from the 1930 s to the 1990 s In the Asia section the comparative trajectories of Asia s two giants China and India are contrasted with the experience of East Asia s original tigers Taiwan and South Korea and more recent industrializing states Indonesia the Philippines Malaysia In Part IV the relative weakness of democratization in Africa and the Middle East is interrogated Surveys of the Middle East and sub Saharan Africa are complemented by individual case studies Israel Palestine and South Africa and a synoptic examination of the relationship between Islamic culture society and democracy In Part V the democratic revolutions of 1989 and their aftermath are examined in chapters on Eastern Europe and Russia The enmeshment of these processes of democratization with nationalist struggles are highlighted in a study of former Czechoslovakia and Yugoslavia while the particular course of the remaining socialist states is examined in a chapter on Vietnam Finally the conclusion both reviews the regional variations in democratization and considers the pressing question of how democracies once created can be sustained Democratization will provide students and teachers with an invaluable and engaging resource for examining the complex fate of democratic politics across the world

Dictators and Dictatorships Natasha M.

Ezrow,Erica Frantz,2011-02-24 Dictators and Dictatorships is a qualitative enquiry into the politics of authoritarian regimes It argues that political outcomes in dictatorships are largely a product of leader elite relations Differences in the internal structure of dictatorships affect the dynamics of this relationship This book shows how dictatorships differ from one another and the implications of these differences for political outcomes In particular it examines political processes in personalist military single party monarchic and hybrid regimes The aim of the book is to provide a clear definition of what dictatorship means how authoritarian politics works and what the political consequences of dictatorship are It discusses how authoritarianism influences a range of political outcomes such as economic performance international conflict and leader and regime durability Numerous case studies from around the world support the theory and research presented to foster a better understanding of the inner workings of authoritarian regimes By combining theory with concrete political situations the book will appeal to undergraduate students in comparative politics international relations authoritarian politics and democratization

[From Dictatorship to Democracy](#) Gene Sharp,2008 A serious introduction to the use of nonviolent action to topple dictatorships Based on the author s study over a period of forty years on non violent methods of demonstration it was originally published in 1993 in Thailand for distribution among Burmese dissidents
