## **Studying Gender In Classical Antiquity:**

**Studying Gender in Classical Antiquity** Lin Foxhall, 2013-05-09 This book investigates how varying practices of gender shaped people's lives and experiences across the societies of ancient Greece and Rome Exploring how gender was linked with other socio-political characteristics such as wealth status age and life stage as well as with individual choices in the very different world of classical antiquity is fascinating in its own right But later perceptions of ancient literature and art have profoundly influenced the development of gendered ideologies and hierarchies in the West and influenced the study of gender itself Questioning how best to untangle and interpret difficult sources is a key aim This book exploits a wide range of archaeological material cultural visual spatial demographic epigraphical and literary evidence to consider households families life cycles and the engendering of time legal and political institutions beliefs about bodies sex and sexuality gender and space the economic implications of engendered practices and gender in religion and magic *Gender* Brooke

Holmes, 2012-05-31 Gender has now become a pervasive topic in the humanities and social sciences Yet despite its familiarity within universities and colleges some have argued that the radical debates which first characterized gender studies have become ghettoized or marginalized so that gender no longer makes the impact on creative thinking and ideas that it once did Brooke Holmes here rescues ancient ideas about sex and gender in order precisely to reinvigorate contemporary debate She argues that much writing on gender in the classical age fails to place those ancient ideas within their proper historical contexts As a result the full transformational force of that thinking is often overlooked In this short lively book the author offers a sophisticated and historically rounded reading of gender in antiquity in order to map out the future of contemporary gender studies By re-examining ancient notions of sexual difference bodies culture and identity Holmes shows that Plato Aristotle the Stoics Epicureans and others force us to reassess what is at stake in present day discussions about gender The ancient world thus offers a vital resource for modern gender theory **Exploring Gender Diversity in the Ancient World**

Allison Surtees, 2020-02-03 Explores how binary gender and behaviours of gender were actively challenged in classical antiquity Provides a focus on gender on its own terms and outside the context of sex and sexuality Offers an interdisciplinary approach appealing to Classicists Ancient Historians and Archaeologists as well as audiences working outside the ancient world in Gender Studies Transgender Studies LGBTQ Studies Anthropology and Women's Studies Covers a broad time period 6th c BCE 3rd c CE and addresses both textual evidence and material culture vases sculpture wall painting Provides history of gender identities and behaviours previously ignored or suppressed by disciplinary practices Gender identity and expression in ancient cultures are questioned in these 15 essays in light of our new understandings of sex and gender Using contemporary theory and methodologies this book opens up a new history of gender diversity from the ancient world to our own encouraging us to reconsider those very understandings of sex and gender identity New analyses of ancient Greek and Roman culture that reveal a history of gender diverse individuals that has not been recognised until recently Taking an

interdisciplinary approach these essays will appeal to classicists ancient historians archaeologists as well as those working in gender studies transgender studies LGBTQ studies anthropology and women s studies      **Gender in Classical Antiquity**

Richard Hawley,2011-10-27 The result of twenty years research this is an eye opening introduction to the study of gender in the classical world Addresses both masculinity and femininity in Greek and Roman cultures using a wide range of sources Written in an easy to read style with summaries at the start and end of each chapter to aid understanding Discusses a variety of materials including poetry drama myth religion philosophy law historiography satire letters art educational texts medical and technological treatises Offers readers critical tools with which to analyse their own cultures to see how gender works showing in action how studying the past illuminates one s own society Organized by topic and type of evidence rather than chronologically to highlight similarities and differences between Greek and Roman cultures Structured to work easily with sourcebooks on Greek and Roman gender      **Gender and the City before Modernity** Lin Foxhall,Gabriele

Neher,2012-04-17 Gender and the City before Modernity presents a series of multi disciplinary readings that explore issues relating to the role of gender in a variety of cities of the ancient medieval and early modern worlds Presents an inter disciplinary collection of readings that reveal new insights into the intersection of gender temporality and urban space Features a wide geographical and methodological range Includes numerous illustrations to enhance clarity      *The Oxford Encyclopedia of the Bible and Gender Studies* Julia M. O'Brien,2014 As the first major encyclopedia of its kind The Oxford Encyclopedia of the Bible and Gender Studies OEBGS is the go to source for scholars and students undertaking original research in the field Extending the work of nineteenth and twentieth century feminist scholarship and more recent queer studies the Encyclopedia seeks to advance the scholarly conversation by systematically exploring the ways in which gender is constructed in the diverse texts cultures and readers that constitute the world of the Bible With contributions from leading scholars in gender and biblical studies as well as contemporary gender theorists classicists archaeologists and ancient historians this comprehensive reference work reflects the diverse and interdisciplinary nature of the field and traces both historical and modern conceptions of gender and sexuality in the Bible The two volume Encyclopedia contains more than 160 entries ranging in length from 1 000 to 10 000 words Each entry includes bibliographic references and suggestions for further reading as well as a topical outline and index to aid in research The OEBGS builds upon the pioneering work of biblically focused gender theorists to help guide and encourage further gendered discussions of the Bible      **Women in**

**Classical Antiquity** Laura K. McClure,2019-06-13 An introduction to women and gender in the classical world that draws on the most recent research in the field Women in Classical Antiquity focuses on the important objects events and concepts that combine to form a clear understanding of ancient Greek and Roman women and gender Drawing on the most recent findings and research on the topic the book offers an overview of the historical events values and institutions that are critical for appreciating and comparing the life situations of women across both cultures The author examines the lifecycle of women in

ancient Greek and Rome beginning with how young females acquired the gendered characteristics necessary for adulthood The text explores female adolescence including concerns about virginity medical views of the female body religious roles and education Views of marriage motherhood sexual activity adultery and prostitution are also examined In addition the author explores how women exercised authority and the possibilities for their civic engagement This important resource Explores the formation of classical women s social identity through the life stages of birth adolescence marriage childbirth old age and death Contains information on the most recent research in this rapidly evolving field Offers a review of the life course as a way to understand the social processes by which Greek and Roman females acquired gender traits Includes questions for review suggestions for further reading and a glossary of key terms Written for academics and students of classical antiquity

Women in Classical Antiquity offers a general introduction to women and gender in the classical world Body Technologies in the Greco-Roman World Maria Gerolemou, Giulia Maria Chesi, 2023-11-16 A collection of papers that introduces the notion of the technosoma techno body into discussions on the representations of the body in classical antiquity By applying the category of the technosoma to the natural body this volume explicitly narrows down the discussion of the technical and the natural to the physiological body In doing so the present collection focuses on body technologies in the specific form of beautification and body enhancement techniques as well as medical and surgical treatments The volume elucidates two main points Firstly ancient techno bodies show that the categories of gender and sexuality are at the core of the intersection of the natural and the technical and intersect with notions of race age speciesism class and education and disability Secondly the collection argues that new body technologies have in fact a very ancient history that can help to address the challenges of contemporary technological innovation To this end the volume showcases the intersection of natural bodies with technology gender sexuality and reproduction On the one hand techno bodies tend to align with normative ideas about gender and sexuality On the other hand body modification and or enhancement techniques work hand in hand with economic and political power and knowledge thus they often produce techno bodies that are shaped according to individual needs i e according to a certain lifestyle Consequently techno bodies threaten to alter traditional ideas of masculinity femininity male and female sexuality and beauty Women in Antiquity: New Assessments Richard Hawley, Barbara Levick, Dr Barbara Levick, 2002-11 Explores and expands on scholarly debates on the status and representation women in antiquity invaluable reading for all students and teachers of ancient history Gender in History Merry E. Wiesner-Hanks, 2021-10-20 A concise yet comprehensive account of the roles and influences of gender over the millennia featuring new and updated content throughout Gender in History Global Perspectives Third Edition explores the construction and evolution of gender in many of the world s cultures from the Paleolithic era to the COVID pandemic of the twenty first century Broad in geographic and topical scope this comprehensive volume discusses the ways families religions social hierarchies politics work education art sexuality and other issues are linked to various conceptions of gender Now organized chronologically rather than topically

this extensively revised edition presents a wealth of up to date information based on the scholarship of the last decade New and expanded chapters offer insights on the connections between gender and key events and trends in world history including domestication and the development of agriculture the growth of cities and larger scale political structures the spread of world religions changing ideas of race class and sexuality colonialism and imperialism capitalism wars revolutions and more Written by a distinguished scholar in the field of women s and gender history this third edition of *Gender in History* Examines how gender roles were shaped by family life religious traditions various other institutions and how the institutions were influenced by gender Considers why gender variations developed in different cultures and in diverse social ethnic and racial groups within a single culture Addresses ideas in different cultures that shaped both informal societal norms and formalized laws Explores debates about the origins of patriarchy the development of complex gender hierarchies and contemporary movements for social change Discusses the gender implications of modern issues including the global pandemic and ongoing cultural and economic shifts Includes an accessible introduction to key theoretical and methodological issues and an instructor s website site with visual and written original sources *Gender in History Global Perspectives Third Edition* is essential reading for undergraduate and graduate students in courses such as those on women s history women in world history and gender in world history and a valuable supplement for general survey courses within History and Women s and Gender Studies programs

*Sexuality and Gender in the Classical World* Laura K. McClure, 2008-04-15 This volume provides essays that represent a range of perspectives on women gender and sexuality in the ancient world tracing the debates from the late 1960s to the late 1990s

*Emotion, Genre and Gender in Classical Antiquity* Dana Munteanu, 2011-07-21 This tightly focused collection of essays by a distinguished group of scholars analyses the degree to which expressions of emotion in ancient literature and art become an artistic rather than a social construct To what degree do literary genres philosophy and visual arts produce expectations for the arousal of certain emotions Are the emotions of women for example represented differently in different genres How and why do literary genres and visual arts concentrate on specific emotions and stylise them accordingly and how do particular emotions relate to gender within literary texts The book will be of interest to all students and scholars of classical literature and gender studies

*Exploring Gender Diversity in the Ancient World* Surtees Allison Surtees, 2020-03-02 Explores how binary gender and behaviours of gender were actively challenged in classical antiquity Provides a focus on gender on its own terms and outside the context of sex and sexuality Offers an interdisciplinary approach appealing to Classicists Ancient Historians and Archaeologists as well as audiences working outside the ancient world in Gender Studies Transgender Studies LGBTQ Studies Anthropology and Women s Studies Covers a broad time period 6th c BCE 3rd c CE and addresses both textual evidence and material culture vases sculpture wall painting Provides history of gender identities and behaviours previously ignored or suppressed by disciplinary practices Gender identity and expression in ancient cultures are questioned in these 15 essays in light of our new

understandings of sex and gender Using contemporary theory and methodologies this book opens up a new history of gender diversity from the ancient world to our own encouraging us to reconsider those very understandings of sex and gender identity New analyses of ancient Greek and Roman culture that reveal a history of gender diverse individuals that has not been recognised until recently Taking an interdisciplinary approach these essays will appeal to classicists ancient historians archaeologists as well as those working in gender studies transgender studies LGBTQ studies anthropology and women s studies

**Receptions of Antiquity, Constructions of Gender in European Art, 1300-1600** ,2015-06-24 Receptions of Antiquity Constructions of Gender in European Art 1300 1600 presents scholarship in classical reception at its nexus with art history and gender studies It considers the ways that artists patrons collectors and viewers in late medieval and early modern Europe used ancient Greek and Roman art texts myths and history to interact with and shape notions of gender The essays examine Giotto s Arena Chapel frescoes Michelangelo s Medici Chapel personifications Giulio Romano s decoration of the Palazzo del Te and other famous and lesser known sculptures paintings engravings book illustrations and domestic objects as well as displays of ancient art Visual responses to antiquity in this era the volume demonstrates bore a complex and significant relationship to the construction of and challenges to contemporary gender norms

**Sex in Antiquity** Mark Masterson,Nancy Sorkin Rabinowitz,James Robson,2018-02-05 Looking at sex and sexuality from a variety of historical sociological and theoretical perspectives as represented in a variety of media Sex in Antiquity represents a vibrant picture of the discipline of ancient gender and sexuality studies showcasing the work of leading international scholars as well as that of emerging talents and new voices Sexuality and gender in the ancient world is an area of research that has grown quickly with often sudden shifts in focus and theoretical standpoints This volume contextualises these shifts while putting in place new ideas and avenues of exploration that further develop this lively field or set of disciplines This broad study also includes studies of gender and sexuality in the Ancient Near East which not only provide rich consideration of those areas but also provide a comparative perspective not often found in such collections Sex in Antiquity is a major contribution to the field of ancient gender and sexuality studies

Gender and the Social Function of Athenian Tragedy Spyros D. Syropoulos,2003 Athenian tragedy offered the world dynamic powerful and moving female characters but how far did the women portrayed on stage mirror those of real life After assessing the role of Athenian women in cultural social and religious terms Syropoulos considers female characters in Aeschylus Suppliants and Euripides Medea Bacchae

*Memoirs of the American Academy in Rome, Vol. 63/64* Sinclair Bell,2020-09-11 Collection of articles on Roman archaeology Italian history art and architectural history and Latin literature

*The University of Michigan Bulletin* University of Michigan,2004 Each number is the catalogue of a specific school or college of the University

Greek Science in the Long Run Paula Olmos,2012 Greek traditions relating to both the arts and sciences of life and health and those regarding the systematic development of theories of measurement and quantification enjoyed an incredibly long reputation and showed a kind of versatility that challenges any

simplistic dogmatic or a priori viewpoint about the meaning and social function of systematic knowledge In this sense they allow us to focus on very specific traits of the multiple processes of production textual arrangement and transmission of the sciences Greek Science in the Long Run Essays on the Greek Scientific Tradition 4th c BCE 17th c CE offers a collection of essays in which renowned international experts in ancient medieval and early modern history and culture and the history of science together with young researchers in these same fields reflect upon different aspects of this long standing prominence of Greek models and traditions in the changing configuration of the sciences The main aim of the volume is to revisit the different processes by which such doctrinal traditions originated were transmitted and received within diverse socio cultural contexts and frameworks The specialized scholars and academics contributing to the volume embrace advanced standpoints regarding these issues and ensure a successful and substantial contribution to one of the lines of research that has recently attracted the most attention within the field of humanities the interdisciplinary project of a historical epistemology seriously informed by an advanced history of epistemology or the sciences
