Suffering Buddha Epstein Robert Epstein with Stacy Taylor, Robert Epstein with Stacy Taylor, 2010 Long ago the Buddha taught that we create the world with our thoughts and the more attached we are to things being a certain way the more we suffer Nowhere is this clearer than with chronic illness and pain Our self blame anguish depression fear loneliness anger and embarrassment are the byproducts of denying the reality of illness or pain If we are courageous enough to set aside our beliefs hopes and longings for a former or mythical ideal of health which pull us out of the present moment we free ourselves from the hell realm of suffering Mindfully observing what is right here and now enables true healing to take place healing that moves us beyond our naive ideas of health and illness After all we are not brains on a stick Mind and body are united by spirit and it is spiritual understanding that leads us to the well where wisdom love and compassion abide qualities vital to the recovery of wholeness and well being SUFFERING BUDDHA points the way to inner healing it is not a how to manual or glib prescription for spiritual transcendence precisely because such are not necessary In our own wise awakened hearts lies the key to wellness and ease

George Teng, 2018-03-07 Turning Toward Awareness posthumously shares wisdom from a western monk ordained in the Tibetan Buddhist tradition Written in 1974 Ven George Teng's incisive writing and unique insights into the workings of the mind still provide an excellent foundation for spiritual practice Buddhists as well as those who follow other faith traditions will find the author's thoughtful reflections inspiring Even those without any faith tradition will benefit from his presentations on developing a meaningful life that brings happiness in the present and hope for the future The author shows how human growth becomes arrested and dysfunctional when our awareness is misguided by distorted beliefs His work sheds light on the ways we try to protect ourselves such as hiding our ignorance because we feel it is shameful reacting to fear with cowardice and embracing weakness as a lifestyle to

gain others energy and attention His wisdom helps us become aware that our unhealthy mental habits are obscuring our innate nature of wisdom compassion and power which have the potential to manifest in every moment through our intelligence love and creativity Turning Toward Awareness will help readers stop the suffering arising from wrong views and start living a life of true happiness **The Intelligent Heart** Dzigar Kongtrul,Joseph Waxman,2016-05-10 Tibetan Buddhist instructions for developing radical compassion through lojong mind training from a contemporary master with a gift for making the ancient teachings speak to modern hearts Dzigar Kongtrul's lively and accessible presentation of the Tibetan training method known as lojong mind training focuses on what he considers the heart of that practice tonglen the practice of exchanging self for other for taking in others pain and suffering and sending out kindness ease and consolation It's a powerful method for developing compassion of the most transformative kind and its supreme expression is found in the classic text The Great Path of Awakening by Jamgon Kongtrul This book is Dzigar Kongtrul's commentary on that beloved text based on a series of talks he gave on it It includes his fresh translation of the Great Path and it is full of his characteristic humor as well as his skill in translating esoteric concepts into terms that not only are easily understood but that speak directly to the heart
