## **The Worlds Religions Plus:**

*The World's Religions* Peter B. Clarke, Peter Beyer, 2009-05-07 This comprehensive volume focuses on the world's religions and the changes they have undergone as they become more global and diverse in form. It explores the religions of the world not only in the regions with which they have been historically associated but also looks at the new cultural and religious contexts in which they are developing. It considers the role of migration in the spread of religions by examining the issues raised for modern societies by the increasing interaction of different religions. The volume also addresses such central questions as the dynamics of religious innovation which is evidenced in the rise and impact of new religious and new spirituality movements in every continent.

*Illustrated World's Religions* Huston Smith, 1994-09-03 Retaining all the beloved qualities of Huston Smith's classic *The World's Religions*, this stunning pictorial presentation refines the text to its wonderful essentials. In detailed, absorbing, richly illustrated and highly readable chapters on Hinduism, Buddhism, Confucianism, Taoism, Islam, Judaism, Christianity, and primal religions, we find refreshing and fascinating presentations of both the differences and the similarities among the worldwide religious traditions. The approach is at once classic and contemporary, retaining all the empathy, eloquence, and erudition that millions of readers love about the earlier edition while being edited and designed for a contemporary general readership. This delightful marriage of engaging text and remarkable pictures vividly brings to life the scope and vision of Huston Smith's expertise and insight.
