The Yellow Wallpaper (Illustrated) Charlotte Perkins Gilman, 2014-08-14 The Yellow Wallpaper is a 6 000 word short story by the American writer Charlotte Perkins Gilman first published in January 1892 in The New England Magazine It is regarded as an important early work of American feminist literature illustrating attitudes in the 19th century toward women s physical and mental health Presented in the first person the story is a collection of journal entries written by a woman whose physician husband has confined her to the upstairs bedroom of a house he has rented for the summer She is forbidden from working and has to hide her journal from him so she can recuperate from what he calls a temporary nervous depression a slight hysterical tendency a diagnosis common to women in that period The windows of the room are barred and there is a gate across the top of the stairs allowing her husband to control her access to the rest of the house The story depicts the effect of confinement on the narrator s mental health and her descent into psychosis With nothing to stimulate her she becomes obsessed by the pattern and color of the wallpaper It is the strangest yellow that wall paper It makes me think of all the yellow things I ever saw not beautiful ones like buttercups but old foul bad yellow things But there is something else about that paper the smell The only thing I can think of that it is like is the color of the paper A yellow smell In the end she imagines there are women creeping around behind the patterns of the wallpaper and comes to believe she is one of them She locks herself in the room now the only place she feels safe refusing to leave when the summer rental is up For outside you have to creep on the ground and everything is green instead of yellow But here I can creep smoothly on the floor and my shoulder just fits in that long smooch around the wall so I cannot lose my way A woman gradually suffers a mental breakdown as a result of confinement and denial of her creative energies by her husband The yellow wallpaper Charlotte Perkins Gilman, 2024-02-02 The Yellow Wallpaper by Charlotte Perkins Gilman is a mesmerizing and unsettling exploration of the female psyche and the stifling constraints of 19th century society The story is narrated by a woman suffering from what her husband and physicians diagnose as nervous depression She is confined to a room in her home and prescribed a treatment of complete rest As the protagonist spends her days in isolation she becomes increasingly obsessed with the room s yellow wallpaper Her descent into madness is vividly portrayed through her journal entries revealing a haunting journey of unraveling sanity Gilman s writing is a poignant critique of the patriarchal norms that suppressed women s voices and autonomy during her time The novella serves as a powerful feminist statement highlighting the devastating effects of the rest cure and the silencing of women s inner struggles The Yellow Wallpaper is a psychological masterpiece that continues to resonate with readers scholars and feminists alike It offers a chilling portrayal of the intersection of mental health gender and societal expectations Step into the haunting world of The Yellow Wallpaper and experience the eerie and thought provoking narrative that challenges the status quo and illuminates the resilience of the human spirit Charlotte Perkins Gilman s work remains a timeless exploration of the female experience and the importance of self expression ABOUT THE
