Ogg, 2015-05-25 As policy makers look first and easily for existing policy

solutions which could be adapted from elsewhere policy transfer becomes increasingly central to policy development This book explores whether policy transfer in everyday policy making may be unintentionally creating a system of preventive justice

**Business and Politics in Asia's Key Financial Centres** J. J. Woo, 2015-12-14 This book provides unique insights into the politics of finance and the socio political relations which drive financial policymaking in Hong Kong Singapore and Shanghai While the existing literature in the field focuses mainly on economic explanations for financial centre development this book fills a gap by focusing on the socio political relations which underpin the financial policy making process Drawing on extensive interviews with senior policy makers and financial sector professionals the book describes how state industry relations drive financial policy making in three major financial hubs Insights and policy recommendations drawn from these interviews will be particularly useful for policy makers and financial sector professionals hoping to draw lessons from the successful development of the three leading Asian financial centres *Business and Politics in Asia's Key Financial Centres* draws on public policy theoretical frameworks for its analytical basis The three chapters focusing on the historical development of Hong Kong Singapore and Shanghai also provide a consolidated narrative with regard to the development of these three cities as leading financial centres while also serving as independent case studies Scholars focusing on policy processes and political factors that underpin financial sector development as well as instructors and students of public policy international political economy and financial sector policy will find this book useful for their research

*Navigating a Changing World* Geoffrey Hale, Greg Anderson, 2021-04-07 The negotiation of the Canada U S Free Trade agreement in 1985-88 initiated a period of substantially increased North American and later global economic integration However events since the election of Donald Trump in 2016 have created the potential for major policy shifts arising from NAFTA's renegotiation and continuing political uncertainties in the United States and with Canada's other major trading partners *Navigating a Changing World* draws together scholars from both countries to examine Canada U S policy relations the evolution of various processes for regulating market and human movements across national borders and the specific application of these dynamics to a cross section of policy fields with significant implications for Canadian public policy It explores the impact of territorial institutions and extra territorial forces institutional economic and technological among others on interactions across national borders both within North America and where relevant in broader economic relationships affecting the movement of goods services people and capital Above all *Navigating a Changing World* represents the first major study to address Canada's international policy relations within and beyond North America since the elections of Justin Trudeau in 2015 and Donald Trump in 2016 and the renegotiation of NAFTA

*Designing Public Policies* Michael Howlett, 2023-12-22 The third edition of this highly regarded book provides a concise and accessible introduction to the principles and elements of policy design in contemporary governance It examines in detail the range of substantive and procedural policy instruments that together comprise the toolbox from which governments choose tools to resolve policy problems and the principles and

practices that lead to their use Guiding readers through the study of the many different kinds of instruments used by governments in carrying out their tasks adapting to and altering their environments this book Considers the principles and practices behind the selection and use of specific types of Instruments in contemporary government and arrangements of policy tools esp procedural tools and policy portfolios Evaluates in detail the merits demerits and rationales for the use of specific organization regulatory financial and information based tools and the trends visible in their use Examines key issues such as policy success and failure and the role of design in it policy volatility and risk management through policy design how behavioural research can contribute to better policy designs and the micro calibrations of policies and their importance in designs and outcomes Addresses the issues not only surrounding individual tools but also concerning the evolution and development of instrument mixes their relationship to policy styles and the challenges involved in their re design as well as the distinction between design and non design Providing a comprehensive overview of this essential component of modern governance and featuring helpful definitions of key concepts and further reading this book is essential reading for all students of public policy administration and management *International Regimes in China* Gianluca Ferraro, 2013-07-24

According to the Food and Agriculture Organization FAO of the United Nations more than 80% of world s fish stocks are fully exploited over exploited depleted or recovering from depletion Although several international agreements have promoted more responsible fisheries coastal states have usually maintained national policies that enable higher harvest levels rather than greater conservation of fish stocks and international agreements for more responsible fisheries have generally experienced a weak domestic implementation Among the major coastal fishing states China constitutes the largest fish producer and main exporter in the world and therefore presents a fascinating case study for the domestic implementation of international fisheries agreements This book investigates the degree to which China has complied with the international agreements it has signed and asks why it is failing to meet expectations Crucially it calls for greater emphasis on the political rather than technical issues involved in the implementation of international regimes In turn it examines how understanding the case of China can help us to develop solutions for improved international compliance in the future Providing an improved understanding of the implementation of international regimes alongside an in depth study of China s political system policy making and compliance this book will be of great interest to students and scholars of Chinese studies international relations public policy and international law and environmental studies It will also be useful for policy makers working in the fields of environmental regulation and fisheries management **The Dynamics of Public Policy** Adrian Kay, 2006 In The Dynamics

of Public Policy Adrian Kay sets out the crucial methodological theoretical and empirical implications of two important trends in the social sciences a frequently expressed ambition for analysis of movies not stills and the regular observation that policy politics and governance is becoming more complex Beginning with a discussion of the centrality of temporality change and history to the social sciences he develops the provocative claim that existing models of the policy process are of limited value

in understanding and explaining policy dynamics Instead the author argues that it is only through structured narratives that we can really understand and explain complex policy histories He sets out a methodology for structuring policy narratives and illustrates the claims of the book through four detailed case studies health policy and pharmaceutical regulation in the UK and agricultural policy and budget policy in the EU Adrian Kay s book will appeal to academics in the fields of policy analysis public administration and public sector management as well as political science and political theory *Policy Studies in Canada* Laurent Dobuzinskis, Michael Howlett, David H. Laycock, 1996 The study of public policy in Canada is well rooted in traditional legal historical analysis of Canadian government and political economy However the current emphasis among political and other social scientists on policy issues and the proliferation of theoretical concepts that such an emphasis has generated are relatively recent developments In fact it is only since the 1970s that a separate field of policy studies has emerged in Canada In *Policy Studies in Canada* twenty one leading scholars in the field of Canadian public policy trace the progress of a quarter century of research and publication in the fields of policy studies and policy analysis **The Policy Process in the Modern State** Michael James Hill, 1997 This thoroughly revised book includes more explanatory material on the policy process and the purpose and problems of studying it An Introduction to the Policy Process Thomas A. Birkland, 2005 Every angle of the policy process is considered from official and unofficial actors and their role in the process to policy design tools and implementation **The Korean Journal of Policy Studies** , 2009 **The Review of Policy Research** , 2006 **Assessing Prairie Forest Policy Networks and Policy Oriented Beliefs** Adam Matthew Wellstead, Richard Stedman, Debra Davidson, Northern Forestry Centre (Canada), 2004 This study examines two policy process models with a view to understanding policy related responses to climate change in the Prairie forest sector the policy community network approach and the advocacy coalition framework In the study a questionnaire was sent to governmental societal decision makers in the agriculture forest and water resource sectors The survey examined existing policy communities and policy networks as well as policy oriented belief structures The final section develops two hypotheses to examine the unique nature of Canadian resource based policy communities The first hypothesis is used to investigate the network of interactions among Prairie policy actors in all three sectors and the second considers the beliefs of forest policy actors *The British National Bibliography* Arthur James Wells, 2009 Analyse de Politiques , 2007 **New Public Management and Public Administration in Canada** Mohamed Charih, Arthur F. Daniels, École nationale d'administration publique (Québec), Institut d'administration publique du Canada, 1997
