Dom's Guide To Submissive Training Elizabeth Cramer,2013-11-22 A Dom sub relationship doesn't just happen. It is a finely crafted and designed system of expectations and joys. In order for you and your submissive lady to fit one another and create a lasting happy union, there must be a period of training. It does not matter if your sub has thirty years of experience in submission or just read *50 Shades of Grey* and decided to try it herself. She will need to be trained for the best relationship to emerge. Dom's Guide to Submissive Training was specifically written for doms/masters. It is designed to provide you with a step-by-step blueprint on how to train your new sub. It goes from preparation all the way down to the closing ceremony, including advanced techniques/tips. Training can be one of the most exciting, challenging, and fun parts of the relationship. A well-trained sub will not only serve you in the capacity you deserve but will have built up the two most important elements in any BDSM relationship: trust and consistency. Following the instructions in this guide will allow you to show yourself as a worthy master who is in control, experienced, and able to guide you both to the best possible life.

Master Harley's Training Manual for the Submissive Master Harley,2014-09-24 Master Harley has been a part of the leather world since 1967. He received his training from his master in 1970. Now, for the first time, he opens the door on the methods that have long since been for only those few selected in this old tradition handed down from one generation to the next. Come experience what some of his boys had to go through to reach the different levels of training. Master Harley reveals various rituals and ceremonies of passage never before exposed to the outside world. Master Harley wrote this in hopes to pass on a tradition of the old world that he sees passing away. So come experience something that will not come this way again and hopefully keep the old traditions from fading away.

Submissive's Guide to BdsM Matthew Larocco,2016-08-03 What does it really mean to be a submissive or sub? Much of what we see in BDSM practice, especially in the mainstream, focuses on how to become dominant and act like the ideal Dom or master or Top. However, a lot of newcomers are confused as to how this works. They vaguely understand that the submissive or sub or slave is supposed to obey. But they don't understand the emotional dynamics or how to act like the ideal sub or even how to enjoy the experience. That's what this book is going to teach you: How to be a better sub and have a happy, healthy BDSM lifestyle. Back cover.
