Subtests Standard Diagnostic Math Test:

Strategy Assessment and Instruction for Students with Learning Disabilities Lynn Meltzer, 1993 *Assessment* John Salvia, James E. Ysseldyke, 1995 Most educators are convinced we need to do a better job of assessing students either with new tests or new applications of tests All argue that at this very critical time it is imperative that educators be very knowledgeable about assessment and the ways assessment information is used to make decisions about students The book is intended for a first course in assessment for those whose careers require understanding and informed use of assessment data The primary audience comprises those who are or will be teachers in special education at the elementary or secondary level In writing for those who are taking their first course in assessment we have assumed no prior knowledge of measurement and statistical concepts Pref
