Learning to See Richard Christensen, 2022-03-03 Teaching in the southern African nation of Botswana in the early 1980s Richard Christensen faced a new world one endlessly fascinating and challenging Experiencing warm hospitality from many people sharing both joyful celebrations and painful struggles with students he and his family encountered a deeper sense of the true meaning of community Travel in apartheid South Africa and war weary Zimbabwe gave him a fuller understanding of the reality of oppression and how people of faith endured their plight and kept hope alive In this experience so surprising in many ways he came to a deepened realization of the genuine freedom of the gospel and the hope it affords us He saw that relationships are what save us that the salvation of God in Christ is not merely personal and individual but communal and that we are thus more dependent upon one another than we realize Learning to see the world with new eyes he discovered not only a more expansive vision of the church and the world but also a more honest and complete understanding of himself as a product of an affluent and segregated society Childrens' Catalog H.W.
