**Once Upon a Toy** Kathy Merlock Jackson, Mark I. West, 2025-06-20 In the magical realm of children's play toys and stories have a rich and complex relationship. In this collection contributors analyze the many types of interplay between children's toys and narrative. Many of these essays explore how this relationship is portrayed in novels, films, and television programs. Others discuss how this relationship is shaped by broader historical and cultural narratives. Still other essays discuss how children create their own stories while playing with toys. Taken together, the essays speak to the myriad ways that toys are represented in popular narratives and provide insights into the meanings that toys hold for children, adults, and society.

**Every Child Matters** Kailash Satyarthi, 2018-01-01 Society has celebrated children even as it has denied fundamental rights and dignity to millions of them. Mass movements and social awareness against injustices like child labour, lack of access to health and education, child sexual abuse, and trafficking have been catalysed by reformers like Nobel Peace Laureate Kailash Satyarthi. As a result of his untiring efforts, child labour is now universally considered to be a social evil that has to be abolished. Equally important, societies and governments across the world have accepted that access to quality education is the fundamental right of every child. Even as he has fought for justice and dignity for children, Mr. Satyarthi has found time to provoke, inspire, and illuminate young minds by writing about children, their dreams, and the power of their humanity. This book is a compilation of columns and interviews which highlight the continuing struggle to create safe childhoods. Readers will find much to introspect after going through this collection.
