**This Inscrutable Englishman** Brendon Gooneratne, Yasmine Gooneratne, 1999 Sir John D Olyly accomplished the seemingly impossible with the annexation on behalf of the British Crown of Sri Lanka's fiercely independent Kingdom of Kandy in 1815 This biography looks at his conduct and motives *Banished potentates* Robert Aldrich, 2017-12-27 Though the overthrow and exile of Napoleon in 1815 is a familiar episode in modern history it is not well known that just a few months later British colonisers toppled and banished the last king in Ceylon Beginning with that case this volume examines the deposition and exile of indigenous monarchs by the British and French with examples in India Burma Malaysia Vietnam Madagascar Tunisia and Morocco from the early nineteenth century down to the eve of decolonisation It argues that removal of native sovereigns and sometimes abolition of dynasties provided a powerful strategy used by colonisers though European overlords were seldom capable of quelling resistance in the conquered countries or of effacing the memory of local monarchies and the legacies they left behind **Islanded** Sujit Sivasundaram, 2013-08-05 A groundbreaking retelling of the advent of British rule in Sri Lanka How did the modern nation of Sri Lanka come to be In search of an answer to this question Islanded returns us to the late eighteenth and early nineteenth centuries and to the advance of the British on the kingdom of Kandy This advance saw the fall of the last foothold of kingly rule centered in the highlands of the island The British undertook a process of islanding and partitioning which cast the island its nature and geography its religious and ethnic character and its historical traditions and maritime culture as separate from British domains in mainland India and elsewhere Kings had seen themselves as rightful rulers of the whole territory of the island Now this right was violently extended by British colonists through the application of a model of crown rule and modern bureaucracy that tied ethnicity to language and religion employing essentialized but not fully realized patterns that would continue to trouble the modern nation Picking up a range of unusual themes from migration orientalism and ethnography to botany medicine and education Islanded is a groundbreaking text in Sri Lankan history writing shaping discussions of the imperial transition in South Asia *The Rough Guide to Sri Lanka: Travel Guide eBook* Rough Guides, 2024-07-01 This Sri Lanka guidebook is perfect for independent travellers planning a longer trip It features all of the must see sights and a wide range of off the beaten track places It also provides detailed practical information on preparing for a trip and what to do on the ground And this Sri Lanka travel guidebook is printed on paper from responsible sources and verified to meet the FSC's strict environmental and social standards This Sri Lanka guidebook covers Colombo and the west coast the south Kandy and the hill country the Cultural Triangle the east Jaffna and the north Inside this Sri Lanka travel book you'll find A wide range of sights Rough Guides experts have hand picked places for travellers with different needs and desires off the beaten track adventures family activities or chilled out breaks Itinerary examples created for different time frames or types of trip Practical information how to get to Sri Lanka all about public transport food and drink shopping travelling with children sports and outdoor activities
